## Today and Tomorrow

### Stupendous Kay-Bee Production

# The Invaders

#### In Three Reels

**Combination of Dramatic and Sensational Scenes**

One Month was consumed in making "The Invaders."  
 More than 1,000 people take part.  
 The production expense was \$25,000.  
 The cost of the powder used is more than the entire cost of an ordinary subject.  
 Anna Little makes the two most sensational falls from a horse ever made by a woman.  
 It is considered by experts a better picture than "Custer's Last Fight," made by the same company.

### AT THE ARCADE TONIGHT

**"THE INVADERS" WHICH PARALLELS "CUSTER'S LAST FIGHT"**  
One of the Greatest Productions Ever Seen in Pictures.

This production ranks at the top of its kind, from an artistic point of view, and is a fine illustration of how constant and consistent work may succeed in spite of all difficulties. Most of the Indian pictures are very poor affairs, painfully lacking in truth of detail and without other significance than that of the lowest and cheapest photodrama presented. "The Invaders" presents an absorbing picture of dramatic conflict between the conquering and decadent forces, white and red, who clashed almost uninteruptedly during the early history of our country.

A production costing \$25,000.00 and requiring months to produce. Also tonight the last appearance of Webster & Mack, those funny comedians. Special music and a clever and laughable comedy close the bill. "The Invaders" is for two days only. A big feature. At the Arcade.

#### California Woman Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all dealers.

## S.S.S. CURES CHRONIC CATARRH

When we say S. S. S. cures chronic Catarrh we do not mean that it merely checks the symptoms for a time. Some local applications will do that by simply cleansing and soothing the irritated mucous membranes. But all the while the cause which produces Catarrh is left in the system, and as soon as the local treatment is left off, the trouble returns with all its annoying symptoms. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the system by its unequalled tonic effects. It goes into the circulation and attacks the disease at its root, and removes every trace of impurity that is causing the trouble. Under the purifying effects of S. S. S., the inflamed membranes are healed by rich, pure blood which is carried to these parts, the offensive discharge from the nose ceases and severe headaches and neuralgic pains are no longer felt. In fact every symptom of Catarrh disappears, the stomach is toned up and the disease is thoroughly cured. Thousands of chronic cases of Catarrh of the most stubborn character have been completely cured by the use of S. S. S. The inflammation which produces chronic Catarrh can never be permanently relieved until the cause has been removed from the blood. This S. S. S. will do, and then nature hastens the return of perfect health. Book on Catarrh and any medical advice free to all.
