## TURKEY RED RIVALS BLUE

BLUE STEM SHORTAGE THOUGHT TO BE CAUSE.

General Review of Markets Shows a General Trend Upward.

Turkey red is on a par with the famous bluestem in Portland wheat markets. California millers were misled by the government report of the amount of wheat raised in the northwest and have not in the supplies that they thought they would need. As a result they were compelled to purchase Turkey red in stead of the harder quality. Some quotations from the coast put the price at 96c. All of the markets of the world show an increase in the price and it will not be long before the price will have mounted to a dollar. Bidding was

brisk and the market will be bullish from now on.

**Hogs Fall 'ON a Nicker.**  
The hog market was so well supplied that the price fell to a lower notch. It is not thought that it will be for any length of time, since the demand for prime stuff has been good and will continue to be all winter.

**Cattle Slow and Firm.**  
Cattle receipts have not varied very much in the last month and the daily receipts are just enough to leave the price at 8 cents. Lower grades are crowding the better prices for the best price and the difference between prime beefs and the poorer quality is less than it was a week ago. If there should be an unlooked for shortage in the supply of cattle it would force the price of primes above the 8 cent notch.

**Vegetables Are Higher.**  
Onions have taken a spurt and are held by the growers at 85 cents per cental. Potatoes are doing better and the opening in the middle western markets will afford an outlet for the

large supply in the Grande Ronde valley.

**Apples Higher.**  
Foreign markets show a better tone for the better grades of apples and it is not at all unlikely that from now on the price of Oregon fruit will be better all around. Much of the crop is still in the warehouses and it is likely that a fairer price will be realized for it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
