

Royal Baking Powder

Absolutely Pure

The Woman Makes the Home

She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

POTATO STOCK SOME HEAVIER

ANNUAL INQUIRY DISCLOSES INTERESTING FACT.

The fourth annual inquiry made by the bureau of statistics of stocks of

marketable potatoes in the hands of growers and dealers on January 1 in the principal potato growing sections of the United States resulted in the following estimates:
 "The quantity remaining in the hands of growers on January 1 was about 39.8 per cent of the total quantity raised for market in 1912, which compares with 33.1 per cent of the 1911 crop similarly held on January 1, 1912, 46.2 per cent of the 1910 crop on January 1, 1911, and 41.2 per cent

A dead gray mule? Or a one-legged Chinaman? Or a family using electric lights go back, voluntarily, to oil lamps?

We can't explain the 'whys' of the mule or the 'chink', but the reason for the lights is obvious.

ELECTRIC LIGHTS

are so much better, so convenient, so clean and safe, that, once you have used them, doing without is a hardship. And no one undergoes hardship willingly. There's no need for you to do so either—not when our charges for lights are so reasonable. Call, phone or write for rates.

of the 1909 crop held on January 1, 1910.

The quantity remaining in the hands of dealers on January 1, 1913, was about 9.8 per cent of the total raised for market in 1912, which compares with 8.6 per cent of the 1911 crop similarly held on January 1, 1912, 10.9 per cent of the 1910 crop held January 1, 1911, and 9.9 per cent of the 1909 crop held January 1, 1910.

The quantity remaining in the hands of both growers and dealers on January 1, 1913, was 49.6 per cent of the total crop, which compares with 41.7 per cent a year ago, 51.1 per cent two years ago, and a similar amount three years ago.

In spite of the small shipments of cattle to the Portland market, the prices had a tendency to slip downward owing to the quality of the cattle offered. Both cattle and hogs showed a weakness that was unaccountable. But one car of cattle made appearance and the receipt of hogs was also light.

Vegetables Picking up.

The vegetable market will see some relief in the near future owing to the fine California weather since the frost. A car of head lettuce arrived on the Portland market which insures a supply for the La Grande market. "We will get our share of it," said J. G. Snodgrass today, "and there is no likelihood that the price will mount higher than it is now." Quotations today are:

THE Gossard CORSETS

They Lace In Front

Front lacing is not the only requirement of a perfect corset.

The popularity of the Gossard Front Lacing corsets has been followed by a number of imitations. Other than lacing in front all these imitations are totally lacking in the essentials which make Gossard corsets so extremely desirable.

Every woman who invests buys a Gossard corset.

A complete line of all models and sizes always on hand. Prices \$3.50, \$5.00, \$6.50 and \$8.50.
