'ALMA' NEXT STEWARD ATTRACTION

In "Alma, Where Do You Live?" English at Mr. Weber's command by which is to be seen at the Steward Feb. 26, Mr. Joseph M. Weber, the producer of the Americanized version has secured one of the biggest hits in the field of musical comedy. So much of a success was it, in fact, that it ran for an entire season at the little theatre at Broadway and 28th street which bears his name. Originally a French vaudeville it found its way to America in the German and was given for many months at Adolph Phillips theatre. It was then put into

that he first learns of the legacy and its conditions. So far he has not violated them. Alma, a milliner, appears on the scene and is induced by those who hope to secure the money to trap the boy into a proposal; but she really falls in love with Pierre and while she tries to win his affection keeps him out of the pitfalls of Paris and prevents a proposal until the twenty-four hours have elapsed when she then accepts him. Other characters in the farce include a gay old father and his prospective son-in-law, a comic detective and a blustering foreigner who is in love with Alma. This plot has enabled Mr. Hobart to concoct a most amusing farce with unflagging fun and humorous situations, and this in addition to the music by Jean Briquet forms a most pleasing evening's entertainment. A first class production of the play is promised by Mr. Weber. The company is headed by Miss Grace Drew a pleasing prima donna.

Every Child Should 'Be Given This Tonic'

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract. For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired. For children, the addition of a little sugar will make it so palatable that they will take it readily. Millions of parents have raised it for more than eighty years. Insist on Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.
