WHAT, NOT HOW

It's results and not the method that counts. But some methods create greater results than others. Our policy of selling real estate is honesty, for honesty is the best policy. We sell all classes of real estate on a

COMMISSION BASIS

First, because our fees, a definite stated amount, and all parties to the sale know exactly what we receive, therefore leaving no room for distrust of us by anyone.

Second, because, when acting merely as agent, we can bring all parties of the sale together, discuss and arrange all details of the sale, and have each party sign a contract that is satisfactory to both. Therefore, our clients cannot help but be satisfied, and we believe in a satisfied customer as one of our greatest assets.

Third, because we can sell property cheaper on this basis than on any other; and should therefore sell it quicker, for we quote the lowest price the owner will permit. We do not hold up the price. Many sales are lost because the dealers have advanced the price.

Our results are due largely to our fair and efficient method.

NORTH LA GRANDE IS RAPIDLY IMPROVING

Fir street is macadamized, walks extend past the city limits, many new modern homes are being built in this section. We have several choice offers in this part of the city. Below is a sample.

Cor. N. Greenwood & T

4 room house, pantry, cellar, cement floor, room for another house, sewer, 2 blocks from school, \$200 down, \$20 per month.

2401 N. Ash.

5 room house and barn, walks, cellar, price only \$1200. Owner is anxious to sell and has made the price right.

1208 W. Ave.

5 room house, bath, newly papered, hot and cold water; 60x110. Terms \$500 cash, bal. \$15 per mo. and interest.

Acquaint us with your wants and we will be pleased to satisfy them.

LA GRANDE, OR.

LA GRANDE Y. M. C. A. DEPARTMENT.

Y. M. C. A. News of Current Interest Noted Hereunder, Direction of J. H. Rudd, General Secretary.

Baker's New Building.

On last Sunday it was our privilege to inspect the new Y. M. C. A. building at Baker. Nearly every need of man is to be met. The dormitories on the second floor are already part of them rented, though the building will not be opened for nearly a month. For the physical department are supplied a fine, airy, well lighted gymnasium, which is to be completely equipped with up-to-date gymnasium apparatus. A large tank surrounded by sectional lockers will supply splendid opportunity for swimming. Every man enjoys food. The kitchen and social room are features of Baker's association. The boys are to have a room all their own on the main floor. A beautiful main lobby greets any newcomer to the building. Baker has not forgotten the ladies of the country districts. A "Rest Room" with a kitchenette and lockers is provided for any lady who may be spending the day in the city. Secretary Boyles has done splendid work in directing the erection of this fine new building, the only Y. M. C. A. in Eastern Oregon. The building will be opened the last of this month. The only unusual thing about the

Baker building is that it was completed before La Grande had started to build.

Boy Scouts.

Last Friday night the Scouts were out thirty-five strong to go through their regular work under the leadership of the men in charge. Mr. C. B. Pickens reports growing interest in this department of the Y. M. C. A. work. Both attendance and interest are increasing.

Gymnasium.

Since Ed Warner disconnected himself from the Y. M. C. A., Feb. 15th, the work of the physical department has been under the joint care of two men. Mr. Pickens is directing the

boys classes and Fritz Lottes has volunteered to take charge of the night classes.

Business Men Light City.

Spokane, Wash., March 7.—Application for a franchise to furnish heat for the entire business district of Spokane has been made by a group of business men, who are prepared to expend \$200,000 for heating plant and mains. In addition to the heating franchise permission is asked to furnish power for low-pressure elevators and to provide lighting current for five office buildings owned by the company, of which Harry A. Flood is president. Oil will be used for fuel.
