

AMERICANS AT NOGALES VIEW BLOODY FIGHT

WAR DEPARTMENT DENIES THE AMERICAN PATROL RIGHT TO FIRE OVER BORDER

MANY FEDERALS ARE DEAD

Fighting Continues Throughout the Morning With the American Side Lined With Non-Combatants Who Assembled There—Non-Combatants on Mexican Side Seek Shelter.

MUST NOT RETURN FIRE.
Washington, March 13.—According to instructions sent to General Bliss in command of the Mexican border forces by Secretary of War Garrison, American troops are forbidden to return fire on Mexican troops except on specific orders from the war department. The order applies especially at Nogales.

Nogales, March 13.—Seventeen federal rurales were killed and 11 were wounded by rebel sharpshooters in the early hours of a battle today. The rebel casualties are not known. The fighting was done at long range.

Practically every non-combatant in Nogales and Sonora fled to the American side at the start of hostilities, and at noon word was brought that the advance guard of General Ojeda's forces which evacuated Agua Prieta yesterday was within twenty miles of Nogales. This force comprises 500 men and may swing the tide of battle against the rebels who have a force of about nine hundred men.

Aged Diaz Not Returning.

Naples, March 13.—Porfirio Diaz arrived here today from Egypt aboard the liner Adriatic. He said he would not return to Mexico but would remain in Europe, as it is expected he can do more to restore the normal condition of Mexico by advising his nephew Felix Diaz.

The American side of the border was thronged with spectators in spite of orders issued by American cavalry officers. Almost the entire American cavalry patrol is deployed along the border to be ready to enforce orders if there should be firing across the border. Captain Smith declined to state what action he would take in the event of a violation of this order.

50 Patients to Get Tests

GOVERNMENT DOCTORS TO WITNESS CULTURE TEST.

BELLEVUE LENDS AID

That Institution Is Not Endorsing the Culture at This Time.

New York, March 13.—Under personal supervision of surgeons Anderson and Stimson of the United States marine service, Dr. Friedmann will treat 50 selected patients here upon his return from Canada according to an announcement made this afternoon by Dr. John Brannan, president of the Bellevue hospital. On the result of these tests, it is said, will depend whether the Friedmann culture will be admitted or barred in the United States.

"I wish it distinctly understood," said Brannan, "that in lending equipment for the tests the Bellevue hospital is not endorsing or sanctioning Friedmann's cure. It remains neutral, and is simply assisting the surgeons because it is a public hospital and better fitted to further a fair test of the culture than a private institution."

MANY APPOINTMENTS IN.

McCombs Is Offered Ambassadorship to Paris.

Washington, March 13.—It was learned today that President Wilson has urged McCombs to accept the ambassadorship to France and that McCombs took the offer under advisement until the special session of congress.

McCombs told President Wilson that he didn't want a diplomatic post. On persuasion of the president McCombs withheld a positive public declaration.

President Wilson has nominated Franklyn Roosevelt of New York to be assistant secretary of the navy, and Beverley Galloway of Washington, D. C., to be assistant secretary of agriculture.

The confirmation of Charles P. Neill as commissioner of labor received a setback today when a majority of the senate labor committee failed to attend a meeting called by Borah, chairman, to consider the nomination.

John Skelton Williams of Virginia has been appointed assistant secretary of the treasury by President Wilson.

OXFORD EIGHT WINS CLASSIC BOAT CONTEST

MAKES FIFTH CONSECUTIVE VICTORY OVER THE HISTORIC THAMES RIVER

FINAL SPURT DOES IT

Cambridge Leads All the Way to the Last Half Mile and Then Gives in in What Is Called the Most Spectacular Race in History of the Classy Water Contest on Thames.

London, March 13.—Oxford won the classic annual boat race with Cambridge by a narrow margin today of three-quarter boat length. It was one of the most spectacular races in the history of the sport, and the result was in doubt up to the last 100 yards. The weather was ideal and there was but little wind. The course was four and a half miles on the Thames.

Cambridge won the toss and chose the Surrey side of the Thames. The crews got away at 4:38 this afternoon with Cambridge leading slightly at the outset. At Cravenotop, the first mile mark, Cambridge was leading by three-quarter lengths. At Barnbridge, the end of the fourth mile, Cambridge was still in the lead by a boat's length and a quarter. At that point the Oxford crew commenced a spurt that put them by Cambridge by a small but safe margin.

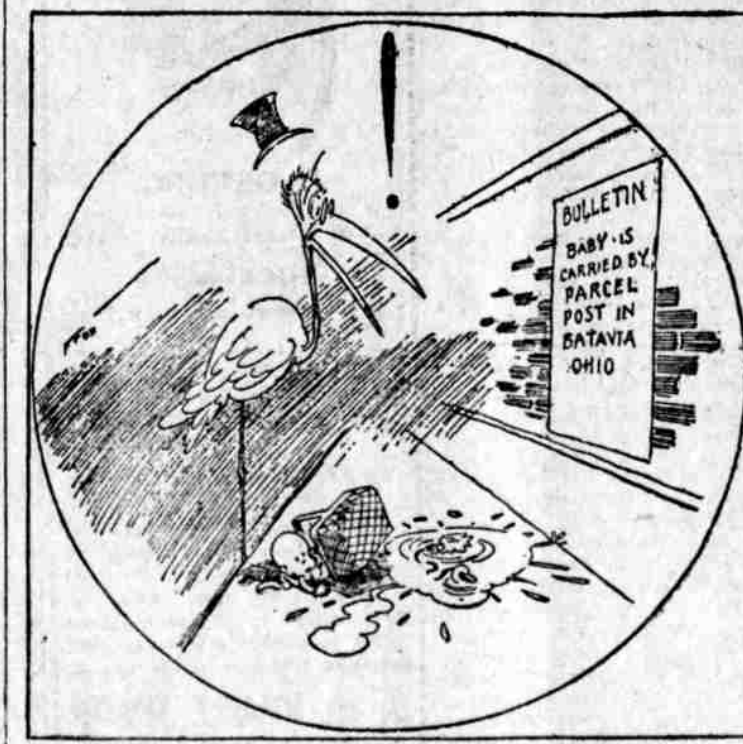

Cambridge won the race in 1900 but Oxford the last four just previous to this year.

WOMEN BURGLAR FORGIVEN.

Chicago Minister Will Permit Erring Wife to Return Home.

Chicago, March 13.—Willingness to forgive his wife who deserted him and their children for Owen D. Conn, San Francisco's \$100,000 burglar, was voiced today by Rev. Nestor Clarkson. "It is not for me to judge my wife," said Clarkson, "and say she sinned unforgivably. If she returns and says she wishes to be a good wife and mother, the door is open. I desire to lead Conn to a better life and will visit him in his cell. Not realizing Conn's depravity she was drawn into the net he had laid for her."

MORGAN BIDS LAST FAREWELL TO KING CHUMS

EUROPE TO BE VISITED BEFORE RETURN TO THE UNITED STATES.

REFUSING TO CONTINUE JOURNEY HE DEPARTS AT NAPLES AND WILL VISIT THE KING OF ITALY BEFORE GOING TO SEE KAISER, KING GEORGE AND OTHER FRIENDS IN EUROPE.

Naples, March 13.—Brought to a realization that he may never be able to again visit Europe on account of failing health, John Pierpont Morgan today announced that he wants to say farewell to the European monarchs and friends before sailing for the United States. He arrived today from Egypt aboard the liner Adriatic. He was urged by Herbert Satterlee, his son-in-law, to continue aboard the ship and return to New York at once but he refused and insisted on boarding a special train to Rome to commence his last European visit. His face is sunken and drawn and his body appeared thin and feeble. He leaned heavily on his cane.

The millionaire puffed nervously at a big black cigar and frowned on onlookers who commented on the difficulty he experienced in mounting the steps to his private car. The bankers expects to visit the king of Italy, the Kaiser of Germany, the king of England and other friends before starting home. "Morgan's physicians declare," said Satterlee, "that he will recover his health after a few weeks' rest. His future plans will depend entirely on his condition."

As a romantic climax to a popular week's engagement at a local theatre, Cupid last evening matrimonially bound together Elmer A. Waugh and Lulu M. Morgan, better known as the singing team of Webster & Warde. The marriage took place in the parlors of the Eastern Star lodge room last evening, Justice of the Peace Williams officiating. Only a few intimate friends were present, these including Chas. W. Noyes, uncle to the bride, Mrs. Noyes and others. Immediately after the wedding fitting finials were bestowed upon the bride and groom.

Under the nom de plume of Miss Webster, the popular soprano has won praise in Northwest cities and is known in her home town of Spokane, where the groom also lives, as being an exceptionally clever vocalist. She is well drilled and qualified for the work, and while at Sherry's won local fame. The bride's mother aspired to be present to attend the wedding but was unavoidably detained. Mr. and Mrs. Waugh left today for the east to fill an engagement with a theatrical syndicate.

Lipton Is Disappointed.

London, March 13.—When Sir Lipton today heard of the rejection of his challenge to an international race by the New York Yacht club he declared: "It is a complete surprise to me to hear the challenge rejected. I thought my terms the fairest in every respect because under the dead gift, the challenger may stipulate any length between sixty-five and eighty feet for the water line. I cannot see why the challenged club should force the challenger to build a ninety foot yacht. This gives him but small chance of success."
