A Strong Endorsement.

W. H. Holmes of the Decorah, Ia., Journal says, "I have been a sufferer from piles and hemorrhoids for years. I got no relief until my druggist recommended Meritol Pile Remedy. Before I had taken half the package the distress was gone and I have had no trouble since. I would not take a thousand dollars and be back in my former condition." Newlin Drug Co., exclusive agents.

Are You Parting Your Hair Or Is Your Hair Departing?

Newbro's Herpicide

SAVES THE PARTING BY CHECKING THE DEPARTING

Watch the part. It is there that approaching baldness is often first detected. The parting looks uneven, unshelved. The white streak is gradually growing wider. You may not notice this from day to day but watch the parting from month to month. As further evidence of what is happening look at your brush or comb. It is clogged with dead hair and dandruff after every combing. The hair is gradually dying and coming out and the streak is becoming daily a little wider.

The dandruff germ is doing this and the work of destruction cannot be checked until the dandruff is eradicated and the germ destroyed. It is a condition requiring the prompt and intelligent use of Newbro's Herpicide, if total baldness is to be escaped. The invisible microscopic growth never kills in the hair killing process. In a short time a bare spot is seen at the crown of the head. The hair bulbs are robbed of life and finally there is no help but a wig. Don't wait. Herpicide kills the germ, gives life and vigor to the hair and prevents it from departing.

HANNON OUT TO CLEAN UP

LA GRANDE MAN NOW MARSHAL AT GATE CITY.

Credited With Being Strict Enforcer of the Law in Every Respect.

Huntington, March 22.—Marshal Ed Hannon bids fair to disappoint every prognostication made at his election in November by a straight and active enforcement of the law. Taking office but a few days ago, he has begun to strike from the shoulder. He declared that if elected he would play no favorites but see that the law was fully enforced, and the beauty of it is, he is making good.

For the first time in the history of the city calaboose it is receiving a complete house cleaning. It was the loudest and filthiest city jail in the state. Hannon begun by burning all bedding and clothing found in the place, getting men to scrub the walls, ceiling and floors with strong lye. Then he notified the young sports about town, "Keep out of the saloons or I'll run you in." and he's doing it. A few days ago he arrested a young man, a minor, whom he had warned to keep out of the saloons, and he received a heavy fine. Every minor in the place has received notice that from now on they must keep out. This is also in a measure the future policy of the saloon men themselves.

But Hannon was not satisfied with this. Seeing a number of women of the underworld dropping into town, he escorted them to the depot and told them to take the first train out and saw that they did it. Then he turned around and arrested the Jap rooming house man for renting one of them a room.

And Huntington is asking what it all means, whether it is the real thing, that is to be the future policy of the city fathers, or only make believe spasm of city righteousness. At any rate every one is disposed to accept it at its face value without questioning and say to Marshal Hannon—"Good, go to it."
