

An Opportunity Like This Just Once in a While

READ CAREFULLY. SHARPEN YOUR PENCIL
AND DO A LITTLE FIGURING FOR
YOURSELF.

I have a new eight room house, modern. Steam heated, bath. Toilets on both floors; basement; close in; attractive architectural design; no street improvements; cement sidewalk paid for; sewer connections paid but a sewer assessment of \$36.00 payable at the rate of \$3 per year to be assumed; a home you can always be proud of.

The price is \$4300.00. The terms are \$500.00 cash and the balance in \$25 monthly payments and the interest.

The upper floor is occupied and is now bringing in \$50 per month. This will make your payments and interest and you may use the balance of the house which means your own rent free. The house will pay for itself and furnish you free rent at the same time.

This proposition will bear strict investigation and examination. Call at office where I will be pleased to give you every details, (the facts are the details given above) show you the property. Call at the office. I am not going to butcher as good a proposition as this is to any great extent over the phone.

NO DIFFERENCE.

The Proof Is Here the Same As Every-
where.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in La Grande, the same as everywhere. La Grande people have used Doan's and La Grande people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's La Grande proof. Investigate it.

Mrs. Isa Triplett, 1307 Jackson Av. La Grande, Ore., says: "About a year ago I had a spell of kidney trouble. It started with a pain in my back, together with irregular action of my kidneys. My back got lame and sore, and for several weeks it was hard for me to get around. I had heard about Doan's Kidney Pills and began using them. They gave me good relief from the first and soon rid me of the trouble."

PORTLAND HAS ACTIVE MARKET

HOGS AND BUTTER TAKE A BIG
SPURT.

Prices at Portland Far Ahead of Chicago and Other Packing Centers

A new high record for the season to date was made in the hog market at North Portland yesterday. Two loads of stock went at \$9.40, or a nickel above the advanced quotation of the day before. Today's market there is 15c above the extreme figure ruling at Chicago and 30c above Kansas City. As this is but a spurt probably, La Grande prices will not be affected, unless the bulls continue in power.

Conditions Yesterday.

North Portland—Hogs higher; tops, \$9.40; cattle and sheep firm.
Chicago—Hogs higher; tops, \$9.25; cattle steady; sheep slow.
Kansas City—Hogs higher; tops, \$9.10; cattle steady; sheep firm.
South Omaha—Hogs lower; tops, \$8.95; cattle strong; sheep lower.
La Grande—Hogs \$8.15.

Butter the Same Here.

Notwithstanding a great spurt of creamery butter prices in Portland yesterday, the retail market is not affected in Portland today. In Portland, squares were quoted at 41 cents. The local egg market is normal and prices are still at 20 cents.

Potatoes Fed Raw or Steamed to Fatten Pigs.

An experiment to test the feeding value of raw or steamed potatoes as supplementary feed with a grain ration, has been carried on by Robert Withycombe at the Eastern Oregon Experiment station with interesting results which will be of special value this year on account of the superabundant potato crop.

The hogs in the experiment were divided into eight lots, and records of the different feed ration given each and the proportionate gain made were kept carefully. Each hog in lots 1 and 2 ate an average of 170.18 lbs. of barley and 509.53 lbs. of raw potatoes, making a gain in weight of 69.70 lbs. Those in lots 3 and 4 ate 110.30 lbs. barley and 663.75 lbs. steamed potatoes and made a gain of 70.60 lbs., while those in lots 5 and 6 ate 183.60 lbs. barley and 564.80 lbs. steamed potatoes and made a gain of 78.10 lbs. Lots 7 and 8 ate 300.10 lbs. barley without the potatoes and made a gain of 69.5 lbs.

The last two lots, fed barley alone, were used as a check on the others to show more definitely the proportionate value of the potatoes. At the present market value of \$8.15 per cwt. live weight, the hogs fed barley made a \$4.87 gain, which makes the barley feeding value \$1.62 to the hundred.

Lots 1 and 2, fed barley and raw potatoes at the rate of 3 lbs. of potatoes to 1 lb. of barley, made a \$4.25 gain, which gives the raw potatoes a feeding value of \$.29 to the hundred. Lots 3 and 4, receiving six times as much steamed potatoes as barley, made a \$4.94 gain, giving the steamed potatoes a feeding value of \$.47 to the hundred. Lots 5 and 6, fed three times as much steamed potatoes as barley, made a \$5.47 gain, making the feeding value of the potatoes \$.42 to the hundred.

It is noticeable that those fed six times as much potatoes as grain did not make quite the gain made by the others, but it required \$5.25 lbs. less barley to make this gain, so the difference in feeding value is accounted for.

It is noteworthy that the steamed potatoes are worth \$.13 more to the hundred than raw for feeding, as shown in the comparison of the gains of animals fed the 3 to 1 ration.
