Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today."

Synopsis of the Annual Statement of the GERMAN AMERICAN INSURANCE COMPANY OF NEW YORK, NEW YORK

In the state of New York, on the 31st day of December, 1912, made to the insurance commissioner of the state of Oregon, pursuant to law:

Table with financial data: Capital, Income, Disbursements, Assets, Liabilities, Total assets, Total liabilities, etc.

CONTINENTAL SCRIP.

What a Two Dollar Bill of the Year 1774 Looked Like.

One of the few pieces of continental scrip now in existence is owned by a former teacher at Shortridge high school. It was given to her at Christmas time in 1888 by a fellow teacher.

The piece measures about 5 1/2 by 2 1/2 inches and is framed to show both sides. Within an intricate leaf and branch border design, on the front side, is printed:

"This indented bill of \$2 shall entitle the bearer thereof to receive bills of exchange, payable in London, or gold and silver, at the rate of 1s. 6d. sterling per dollar for the said bill, according to the directions of an act of assembly of Maryland. Dated in Annapolis, this 10th day of April anno Domini, 1774. William Eddis H. Lapbam."

In an upper corner of the reverse side is a picture, about an inch and a half square, representing the British crown, at each side of which is a tiny picture of a man. One of the men is represented as holding a spade, while from the hand of the other dangles a fish on a string. At each end on this side of the scrip are the words, "This death to counterfeit," and at the bottom are the names of the printers, A. C. and F. Green. Indianapolis News.

Moon Rivers.

The so-called craters, ring mountains and empty sea beds of the moon are not the only interesting phenomena which our satellite presents to the view. There are on many parts of the moon's surface long, narrow lines called "rills," evidently much below the general level of the ground, some of them comparable in breadth and depth to the great canyons of our western country. Certain astronomers have been disposed to regard these rills as cracks and rents in the crust of the moon, but others have adopted the suggestion, made long ago, that they are river channels. It may be remarked of these ancient lunar river channels, if such they really are, that their wider ends always terminate in pear-shaped hollows like little craters, and this end is nearly always higher than the other, so that if the craters were once lakes their waters must have flowed out into the rivers instead of the waters of the rivers emptying into the lakes.—Harper's.

Fault of the Auto.

Hiram—The doctor says Ezra is suffering from auto-intoxication. Silas—Guess that's 't b'gosh! The feller acted just like any one else until he got that automobile.—Judge.
