

Model 364, Price \$2.50.

This is the most extreme corset that has ever been produced at such moderate cost. It brings to the woman who has been obliged to deny herself the satisfaction of a corset approaching the extreme baste of price, the privilege of securing a model the lines of which cannot be questioned when criticised from the standpoint of the latest demand in corsetry.

Model 364 is low in the bust with comfortable fullness over diaphragm, flexible clasps, extremely flat hip and long close fitting skirt, supplied with three sets of hose supporters.

I have a complete line of other models on hand. Prices \$5.00, \$6.50 and \$8.50.

Ladd Creek Is High.

Ladd Canyon, Ore., April 22.—(Special)—The heavy showers last Monday night and the sunshine have caused Ladd creek to be very high, the banks having more than they are capable of carrying. All the tributary streams are overflowing and most of the farmers are flooded beyond a joke.

A crew of men are still at work constructing the new railroad from Lone Tree station to the sawmill, but it will be some time yet before the track is finished. However, three new cars have arrived and are being unloaded ready for traffic as soon as possible.

The other sawmill, known as Comb's saw mill on the foot race has resumed operation once again, after a few weeks idleness. The new log chute which they recently constructed is quite a help in getting the logs down from the timber to the mill. They can be heard coming down the chute a long distance and it is indeed quite a sight to witness.

Mrs. Albert Krouse and children visited over Saturday night in La Grande with friends.

The roads are in a fair condition again after having some work done on them.

Baker, April 22.—Monroe Hobson, the negro injured Friday night by O.-W. R. & N. west bound train No. 5, died yesterday at the hospital, after having his lower limb amputated. He received bad cuts on his head and arm and an ugly hole in his back from the injury.

It is supposed that he fell asleep on the tress rods, and fell off the train near Elcina. He has a brother living in Pasco, Washington, who was notified yesterday and will be in tonight to look after the remains.
