# "Real Estate is Going Up"

LA GRANDE AND UNION COUNTY ARE CHEERFULLY FACING WHAT PROMISES TO BE THE MOST PROSPEROUS YEAR IN ITS HISTORY. MORE PEOPLE ARE COMING TO GRANDE RONDE VALLEY, MORE ENTERPRISES ARE HEADED TOWARD LA GRANDE.

## And Why Not?

In a country where a dry fall permits the farmer to plow his fields and plant his fall grain; where the winter snows saturate the soil with life producing moisture; where the spring sun warms the earth and imparts life to the extensive and varied plantings; where the March winds prevent the destructive activity of Jack Frost; where summer showers renew the vitality and increase the quantity of the many crops; where dry harvests enable the farmer to reap that which he has sown; where all of these things are backed up by untold wealth of timber and minerals; where there is a bountiful supply of water for power, and for irrigation if ever needed; where ranges of thousands of acres covered by the famous Oregon bunch grass are largely responsible for the quantity and quality of all kinds of livestock; where man with the minimum of labor turns the meadows into fields and the fields into gardens and orchards; where the people are happy and progressive—for what good reason can people help but come to the Grande Ronde Valley.

Electric Light combines beauty with brilliance; cleanliness with healthfulness; safety with convenience.

It has all the good qualities of all other lights—without their disadvantages—and has many points of superiority peculiarly its own.

It is the sun's only rival yet, unlike the sun, it is available any time, any place. It is the Perfect light, yet it is within the means of all.
