Your Declaration Of Independence Have You Made It?

You are the master of your own fate. What is it to be—dependence, poverty and misery, or independence, prosperity and happiness? It is up to you.
Remember there are many degrees between any two extremes. You say you could be in a worse condition. True enough. But are you getting the most out of this life? That's the question.
Undoubtedly not, unless you belong to the Home Owners Fraternity. Whether it be a city residence, a suburban tract, or a country farm there is nothing in life equal to owning your own home. Why? Independence from the landlord, happiness in his security, development thru the responsibility due to increased capital, property created by an inspiring environment—all these belong to the man who owns his own home, and to him only.
