FOOTHILLS ROAD GOOD

ROUGH WHERE WORKMEN ARE GRAVELING HOWEVER.

Valley Road Still Has Two Mudholes That Hinder Traffic.

Ladd Canyon, May 6.—(Special)—The foot hill road is considered to be in fair condition, but the valley road still has two very bad mud holes, caused chiefly by rising underground water. Two automobiles from La Grande had to be pulled out of them Saturday and Sunday. Of course the foot hill road is quite rough on account of the grading which the Campbell crew are doing, but nevertheless they are doing good work, which means that we shall have better roads in the future.

Miss Ruth Peebler left last Friday morning for Pendleton to visit her little sister, Helen, who has been over there taking treatment for spinal myelitis. Helen is improving so fast that the doctor thinks that she can probably return home with her to remain in a week or so.

The house which was occupied by Mr. and Mrs. Clair Crossen, and known as the old Newhard property, was completely destroyed by fire last Saturday afternoon, but they were fortunate enough to save nearly all their furniture. It is not known how the fire originated. The farm is not far from Ladd Canyon.

William Banton is busily engaged at the present time building a shed in which he will hereafter house the threshing machine separator.

Mr. Wilson is building a small addition to his home which will be used as a kitchen when completed.

Miss Irene Mulholland had the misfortune to lose her saddle horse Saturday morning. The animal was raised by hand and was quite a favorite little horse.

Lawrence Drumsmith lost a very good milk cow one day last week, death resulting from eating too much green alfalfa.

Miss Retta Allen, who is teaching school here, visited Saturday and Sunday at North Powder with the Murcers.

Mrs. Grace Buckmaster and Mrs. Martha Gamble, sisters of Mrs. Tom Bates, arrived last Friday from Boise, Idaho, to pay her a week's visit. Mrs. Buckmaster's husband and baby who accompanied her will go on to Canada to make their future home. Mrs. Gamble will return to Boise.

Mr. and Mrs. Archie McMillan, of La Grande, drove out and spent Sunday with Mrs. McMillan's sister, Mrs. Laurence Drumsmith.

CONGRESSMEN WRITE PUFFS.

Washington, May 7.—Biographies of our new statesmen, as embodied in the third person narratives in the congressional directory, are furnishing a good deal of amusement to the veteran congressmen. The members always write their own "puffs" and some of the biographies are practically all "puff." One ingenious veteran, putting some of the statements in the first person instead of the third evolved the following as representing what the congressmen named think of themselves: "I am the first native born, and the youngest man to represent the 'Monkey Wrench' district."—Congressman Connelly of Iowa. "I was educated in the school of hard knocks."—Congressman Hinebaugh, of Illinois. "I ran between 3,000 and 5,000 ahead of the national ticket and state ticket which proves conclusively that the people of Colorado are wide awake to the needs of fair and equitable transportation."—Congressman Kindel, of Colorado. "I was considered one of the ablest and most popular judges in Kansas and have been slated for a federal judgeship. As senator I will not only bring honor to myself but to state and nation as well."—Senator William H. Thompson, of Kansas. "I became a candidate for the Sixty-third congress, but did not expect to

Banish All Skin Troubles

A Remarkable Remedy That Works Wonders Against Even Weeping Eczema.

Get a Bottle of S. S. S. To-day. It is Certainly a Wonder.

If you have been fighting some blood trouble, some skin disease, call it eczema, lupus, psoriasis, malaria, or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the East. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore, acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs; the bowels, kidneys, bladder and all excretories of the body are marshaled into a fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar, write to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases. Their advice is entirely free and always strictly personal.
