Earthworms For Rheumatism. Your paragraph writes a correspondent, giving as a cure for bronchitis a bag of earthworms on the chest, reminds me of a prescription I heard of thirty years ago, given also "in all seriousness." In Nottingham market place, as a remedy for rheumatism. In this case, too, the earthworms formed one of the constituents, but it was necessary to put them into a bottle and pour upon them a quantity of powdered quicklime. The resultant compound, well rubbed into the affected parts, was guaranteed by the prescriber to be a certain cure for rheumatism.—London Chronicle.

Couldn't Bother Her or Him. Winston Churchill, the young English statesman, recently began to raise a mustache, and while it was still in the budding stage, he was asked at a dinner party to take out to dinner an English girl who had decided opposing political views.

"I am sorry," said Mr. Churchill, "we cannot agree on politics."

"No, we can't," rejoined the girl, "for to be frank with you I like your politics about as little as I do your mustache."

"Well," replied Mr. Churchill, "remember that you are not really likely to come into contact with either."
