

Eastern Oregon News

Enterprises Record-Chief-tain.)
Hears From Library.

Dr. C. T. Hockett of the Enterprise library board has received a letter from the Carnegie corporation in regard to the proposed Carnegie library for this city. He wrote asking more details as to the conditions under which the money is furnished. The reply was that the former letter contained all the information necessary; the corporation will be glad to provide \$5000 for a building if the city will furnish a free site and will bind itself to contribute \$500—one-tenth of the cost of the building—annually for the support of the institution. As the city already has made provi-

sion for the annual maintenance, and has an option on a good site, opposite the court house, the council is likely to take further action at the next meeting, the first week in June. Plans will be procured and forwarded to the Carnegie corporation for inspection. When the Carnegie people approve the plans, the option on the site can be taken up and the building erected.

Dr. Tredway Goes East.

Dr. E. E. Tredway has gone on a long vacation in the east. He went first to Portland, intending to take a boat to Los Angeles, travel by rail to New Orleans and then proceed by steamer to New York. He will spend considerable time in New York city and will visit his father at his old home in Watertown, N. Y. Another event to which he looks forward with pleasure is commencement week and class day at Yale University, in June. Dr. Tredway having been graduated from that institution. He set no date for his return. Dr. Tredway has many staunch friends here, won by his conscientious devotion to duty as a physician.

Buys the Crockett Ranch.

T. B. Jones, father of W. A. Jones, has bought of J. S. Crockett the 120 acre ranch on Prairie creek adjoining the Jones property. B. L. Jones, a brother of W. A. Jones, probably will come to the county and farm the place. J. S. Crockett, who sold the ranch formerly lived on it, but moved back to Marshall, Mo., where he now lives. His son, L. M. Crockett, moved here from Missouri in the spring and lived on the place a short time but has gone to the Grande Ronde to work with Thomas Morgan. The price paid for the place was \$7,500 or \$61 an acre. Al Jones has joined the ranks of the automobilists, having bought the Buick car of W. G. Beith. The car was new last year and has had very little use.

Residence Total Loss by Fire.
(Pendleton E. O.)

Fire totally destroyed the residence of Mr. and Mrs. Donald Robertson, 15 Vincent street, Saturday night, burned practically all of the contents, several outhouses and but for the effective work of the firemen would doubtless have spread to several houses adjoining. As it was the residence of J. V. Tallman was severely scorched on the south side.

The fire started about 11:30 and before the alarm was turned in had gained such headway that the building was doomed. The back porch of the Tallman dwelling had taken fire but the flames were quenched before any great damage was done. The outbuildings however, were burned badly. Little was saved from the burned building. However, insurance covers the greater part of the loss, Mr. Robertson carrying \$1000 on the dwelling, \$500 on the contents and \$200 on the outbuildings all with Bentley & Leffingwell.

The origin of the fire is unknown. The Robertsons had been living in one of the outbuildings and the house had been rented to roomers, but one family had moved several days before and the other was preparing to move and had left the house. Mrs. Robertson states that she believes this family was burning trash and that a defective flue had caused the fire. She says the doors were locked and the keys in the possession of the outgoing tenants.

Red Wings Is Lodged in Jail.
(Pendleton E. O.)

Red Wings, otherwise known as Julia Walker, the girl horse thief of the John Day, is a captive in the county jail. She was apprehended yesterday morning at the home of her mother on the John Day by Jess Goff, acting under instructions from Sheriff T. D. Taylor. Red Wings offered no resistance but permitted herself to be persuaded into coming to Pendleton.

It was a week ago today that she escaped from Morrow county deputies who had arrested her and Willis Jordan, her brother-in-law and confederate. By digging her spurs in her horse at a turn in the road she dashed away from the officers and, being better mounted, escaped easily. It was immediately surmised that she would head for her old home and, therefore, Sheriff Taylor was on the lookout.

The horse which she has been riding, being the one stolen from John Greulich of this city is at her mother's home and will be brought in later.

Kelsey Will Filed.

The will of the late L. S. Kelsey of North Powder, who was killed in an automobile accident between this city and Haines week before last, was filed at the office of the county clerk yesterday. The instrument is brief and to the point. It provides for the payment of the sum of \$3,000 to his wife, Grace Kelsey, and also provides for her an annuity of \$1,500. The balance of the estate to be equally divided among his six daughters and the will sets forth that if they are unable to agree on a division they shall cast lots for the same.

Grace Kelsey, widow of the deceased, is named as an executrix to serve without bonds. The will was signed in the presence of C. A. Johns and Oliver McCord.—Baker Herald. can.

Bridges are All Right.

People coming to Union for the stock show need have no fears about bridges. The recent overflow at Union has not seriously injured our bridges, all of which are passable. The washout was not as bad as it looked at first. Union is ready, bridges and all. Come to the show.—Union Republican.

Bigger Pensions Sought.

Denver, Colo., June 3.—Increased pensions for all veterans of the civil war was the big topic before the executive committee of the Colorado and Wyoming divisions of the Grand Army of the Republic today. The reunion which started yesterday is to continue through Friday. Four hundred veterans, the smallest number yet to assemble in annual reunion, are in attendance. It is expected that the action looking to increase of pensions for the old soldiers will take the form of a memorial to be circulated throughout the country and to be presented to congress when it meets next winter.

Roman Institute Grows.

Rome, June 3.—Five additional nations have allied themselves officially with the International Institute of Agriculture during the past year, according to the report of the organization made public today. The five to join during the past year and assign permanent commissioners to Rome are Paraguay, Union of South African States, the Dutch Indies, the new Italian colonies of Tripoli and Cyrenaica, and Guatemala.

The institute, which was founded and built by King Victor Emanuel, at the suggestion of David Lubin, Sacramento, California, millionaire, after his project had been turned down by the United States and several European governments, now has permanent commissioners here from fifty-three of the leading nations of

the globe. The institute was one of the important points visited by the United States agricultural commission which recently was received by King Victor, and which is now investigating agricultural conditions and rural bank systems in other parts of Europe.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

THE table beer of America—a mild home-beverage that you can serve with confidence because your home-quality standards are maintained in the making.

Budweiser

Made in a Gigantic Plant

6,000 people are employed in the main plant of Anheuser-Busch—1,500 more in branches.

There are 110 separate buildings, covering 142 acres—more than 70 city blocks.

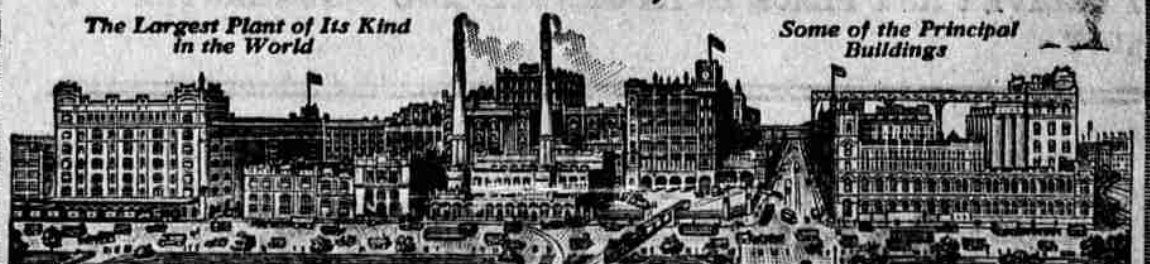

The plant is a model of order, efficiency, cleanliness and thrift.

To go through Budweiser's home, as hundreds do daily, is the best way to realize Budweiser's quality.
