**KAMELA LADY
BADLY HURT**

**KICKED BY A HORSE AND
THREE RIBS BROKEN.**

La Grande Doctor Called to Treat Injured Woman.

Kamela, June 5.—(Special)—Dr. Laughlin of La Grande was called here last Tuesday night to attend to Mrs. McDonald who was kicked by a horse while getting out of the wagon and the doctor announced that she has three ribs broken and very badly bruised up. Her many friends will be sorry to learn of her painful accident.

Mrs. E. Morgan has returned from Pendleton with her cousin, Miss Della Ferguson, who will stay here for a while.

Miss May Thompson has returned from Telocaset after a stay of only one week at that place.

Mrs. Brounell has left for Umatilla to join her husband who has accepted the job of janitor or the big new school at that place.

Keep Fats and Pans in Sight.

The efficient kitchen should be so arranged that it is not necessary to hide all the pots and pans under doors and in cupboards away from sight. Did you ever visit a factory or large establishment where the boilers and the caldrons and the belting and the thousand tools were stuck away from sight when not in use? Your kitchen equipment should be so attractive and good that it looks well and doesn't need to be tucked away. Every time a pot is pushed into a shut closet we increase the dangers of uncleanness, and it takes us twenty unnecessary motions to stoop to place it in a low cupboard and fish it out again. Hang up, place on shelves, put knives in strips of canvas, screw eyes on small pieces, use no closet doors if possible and let your kitchen be a real workshop.—Philadelphia Ledger.

Haiti's Mysterious Booms.

"Gouffre" is a term applied in Haiti to mysterious acoustic phenomena, probably of subterranean origin, belonging to the class of sounds known as "brontidi" or "brontides," reported from various parts of the world. They seem to be much more varied in character than the typical brontides of Italy or Belgium. Sometimes they resemble the boom of cannon, but again are described as deep rumblings, howlings, a rushing sound, as of wind, a deafening crash, "as if a mountain of glass were shattered." They have been known in Haiti from early times.

Rats in Tokyo.

A price is set on the head of the rat in Tokyo, and, according to the Far East, "the sight is frequently seen in the side streets of the city of some blooming damsel gingerly conveying a small rat, suspended by a string tied to its tail, to the police box. Here an official receipt is given for the rat, which entitles the holder to 5 sen, and so the plague is combated and the people protected against foul epidemics."

Ham Patties.

Mix one pint of cooked and finely chopped ham with two parts of bread crumbs, and wet with milk; put the batter in gem pans, break one egg over each, sprinkle the top thickly with cracker crumbs and bake until a delicate brown. A nice breakfast dish.—National Magazine.
