INTERIOR OF DEPOT BURNED

LIGHTNING CAUSES FIRE IN O. W. DEPOT IN ELGIN.

Telephone System out of Commission for a Few Days.

Elgin, June 10.—(Special)—Elgin has for the past few days been enjoying some hard rains which were accompanied with severe lightning. Although the rains have done no damage, the lightning has wrought serious consequences.

Lightning struck the telegraph line and carried the charge into the depot where it started a fire. The fire started among the heavy files and tariff books and the start was no doubt slow. The entire interior of the main office and operating room was charred and the fixtures were damaged. The many records were destroyed and a complete wreck to the office was effected.

The fire department was on the scene but a very short time after the fire was discovered, they struck the fire at the right time to prevent the destruction of the entire building.

The lightning put almost the entire system of the Elgin division of the Eastern Oregon Co-operative Telephone association out of working order, causing the switchboard to have to be rewired and discomposing the many subscribers for a few days.

Furniture for three rooms, a snap if taken at once, cost about \$400.00, will sell for \$100.00, everything in good shape, used about eighteen months. No terms, must be cash. Call at the Observer office. 6-4-13
