

INSTALL AN ELECTRIC RANGE

When we install an Electric Range for you we are giving you something that is not only economical but a cooking appliance that has been tried and proven successful throughout the whole country. On the coast alone 1500 of these Ranges have been installed in the last year, where their rates for cooking are considerably

higher than ours. We give you a rate for cooking and appliances that makes Electricity cheaper than anything else you can use. We are willing to show you and to this end will install one of these Ranges in your home and let you see for yourself. The Electric Range saves your time, saves your money, saves your health and spells absolute cleanliness. Phone Main 34 and ask us about it, or let our solicitor call and show you some of the benefits of electric cooking.

UNION DRUG STORE MODERN

NEW BUILDING PROVIDES EXCELLENT FACILITIES.

Personal Mention and News Items From and Near Union Town.

Union, June 26.—(Special)—The Union Drug Company have moved into their new quarters which has been especially renovated and fixed up for them in the Boskowitz building. The store has been fixed up with the latest fixtures in the drug business and it is one of the nicest and finest drug stores in Eastern Oregon. Gus Levy the genial proprietor, says that he is going to keep his business up to the high standard that the Union Drug Co. has always been noted for and that he proposes to keep a full line of the best and purest drugs on hand. He especially invites the M. D.'s. to give him a call and he will carry everything that they need. This store adds much to the business appearance of our town and we hope more will follow the good example set by the Union Drug Co.

John P. Smith died on June 24th at the home of his daughter, Mrs. Elmer Swigger. Mr. Smith has been a patient sufferer for several months past until death came to relieve his suffering. Mr. Smith was one of the pioneer settlers of this part of the country. He has spent the past few years in this state and Idaho. He leaves four children and other relatives to mourn his loss.

The Presbyterian Sunday school had their Children's day last Sunday. Owing to the inclement weather the audience was not so large as it would have been but quite a number braved the rain and were rewarded by the program that was rendered. The children gave their parts well and at the close a generous collection was taken that will be sent to the home missionary society for the Sunday school work in needy fields.

Edith Shappert has been on the sick list for some days.

Mr. Chadwell was brought down to the office yesterday in a buggy and will soon be about again as he is gaining fast. He will not try to ride a horse again with a halter and carry a bucket of eggs. He is going to leave that part to the professional buckaroo and not try to outshine them again.

A large number of the people in Union are sending to Cove for their strawberries. They are getting a good quality at a very reasonable price.

We have been having rains for several days past and that is something unusual for this part of the world. The precipitation is the greatest that has been for years. The excessive rains have delayed the haying and the farmers that were so unfortunate as to cut their hay before the rain came will not feel so well over the rain as the dry land farmers. We are changing our minds about living in dry Oregon and think it had better be called wet instead. However, with all the rain and trouble the hay crop is unusually heavy and the farmer will soon be wearing a smile instead of frowns as the clouds roll by.

The Goodbrod picnic which was to be held Friday, the 27th. will be postponed on account of the heavy rains which have made the ground too wet in the grove. This is a great disappointment as we all know what good times we have when we go to see Gen and Mrs. Goodbrod.

Mrs. Susewind and children will depart for the East on a visit this week. They expect to be gone for some time.

Mrs. Chas. Robb is visiting in La Grande with relatives this week.

I. V. Fisher, Gen. agent for the Northwestern National Life Insurance Co., was in town the other day and writing up some insurance for his company. Mr. Fisher is the general agent for this section and has come to La Grande since the first of the year. He has been very busy in getting things started and will now devote a part of his time to writing up insurance.

Our new postmaster is studying the postmaster business under Mr. Davis and Mr. Webb. He has fine instructors and if he does not learn his business thoroughly it will not be the fault of his tutors.

Dr. Law reports that the grain on his ranch is looking the best that he has ever seen. The late rains is just the thing for the grain. The doctor has about fourteen hundred acres of land in one body and is opening it up as fast as he can as it is new land.

Mr. Galloway who was so sick for a long time, and his life was despaired of, is out again and able to resume his old position as night watchman at the mill of the Union Pine Lumber Co. He is getting hale and strong again which is good news to his many friends.

THE LATEST FASHION NOTE

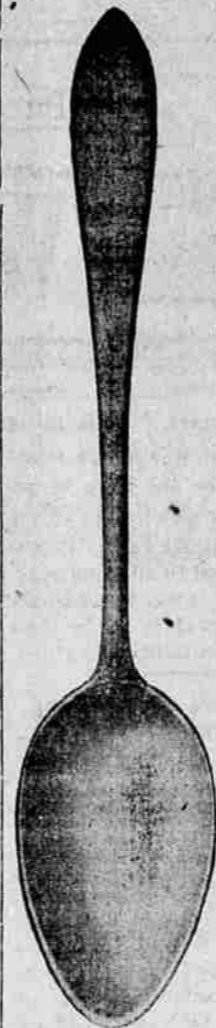

Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Powder, into the shoes, and find that it saves its cost ten times over by keeping holes from forming as well as lessening friction and consequent smarting and aching of the feet.

The Mothers

Bright Finish
THERE is always a charm and individuality about the old spoons which the early makers forged and wrought by hand. Absolutely plain, bright polished silverware is always rich and impressive and in our Mothers Pattern we have given this look of chasteness and dignity which the hand wrought spoon had. Designed from a very old pattern it is a perfect reproduction of the style our forefathers used and loved so well, and meets the demand in every way for a plain, bright finished Colonial pattern.
