Malthoid Roofing

You cannot get a good weather and waterproof roof for your building from a poor roofing.

The roof of your building is the most important part of it and unless your roofing is right, there will be no peace of mind for those who live under it.

A roof that leaks causes no end of trouble, besides a lot of damage.

The best way to protect yourself from these unnecessary troubles, is to use Malthoid Roofing.

Malthoid Roofing is made in the largest and best equipped roofing factory in the world. The men who make it have been making roofings for twenty-six years and they understand what is necessary to make a roofing which will give perfect satisfaction, no matter how it is used, where it is used or under what conditions.

The makers of Malthoid Roofing guarantee it to be a perfect roofing—to give perfect satisfaction and to last as long as the building it covers, provided it is properly laid and ordinary care is taken of it.

Twenty-six years of experience enables the makers to guarantee Malthoid Roofing under these conditions.

To be absolutely sure that you have no roofing troubles, buy Malthoid and lay it properly.

RAIN RETARDS THE FARMERS

LADD CANYON HAY DOWN AND BADLY DAMAGED.

Fourth of July Celebration at Linebarger Park This Year.

Ladd Canyon, June 27.—(Special)—The weather is so wet that there is not much doing out here. A great many of the farmers have some of their alfalfa hay mowed which has probably gotten spoiled in the rain, and there is not many signs of the weather clearing yet for a while. Strawberries are holding their own and the early cherries are ripening nevertheless.

Mr. Linebarger is planning on having a big celebration on the fourth of July. There will probably be some speaking and dancing during the day and they are planning on serving meals to those who do not bring their dinner. The Spencer boys of La Grande, have the hall rented and will conduct the evening dance and meals will also be served during the evening.

Little Helen Peebler has been quite sick for several days with a disease known as shingles.

Miss Mary Warnick and little niece, Margaret Warnick, of La Grande, have been visiting several days with Mrs. James McClure.

Mrs. John McCauley is on the sick list.

The Misses Maude Banton and Christina Linebarger have been visiting their sisters, Mrs. Alta Winburn and Mrs. Winnie Lowman, respectively, who reside in La Grande.

OHIO VOTERS GET COACHING

Columbus, O., June 27.—Secretary of State Charles H. Graves this month will open and take personal charge of the largest summer school in politics in America. He will have on his list of enrolled students the 1,200,000 voters of the state of Ohio. His task will be that of conducting a course by mail on how to vote on the initiative and referendum measures that come before the voters of Ohio next fall. To do this effectively he has been given an appropriation of \$50,000 by the people of the state.

Not only will Secretary Graves instruct the people on their rights and privileges in the fall election, but he must also, with rigid fairness and impartiality, see that each voter is given every opportunity to study fully both sides of every measure that is to be submitted to the people for approval or rejection. He must mail to every voter pamphlets containing the arguments advanced in favor of each submitted measure and at the same time mail a pamphlet containing the arguments against the measures as drawn up by the foes of the bill.

Already Secretary Graves' preliminary duties in this course of political study are far from light, and the period of the submission of referred measures has not yet arrived. As it stands he must see that the Ohio voters are properly instructed on the merits of four constitutional amendments, two providing for different forms of the "short" ballot, one for the exemption of public bonds and another making women eligible for certain state positions. Besides these two other amendments, one calling for a classification of the general property tax and another for a smaller general assembly are now being initiated and will be submitted within a few weeks.

He will also have to instruct the people on the referred measures. One of these is a referendum on the workmen's compensation act, passed by the state legislature, which is going to be referred back to the people for final action. Other measures that are now being referred are bills seeking to disenfranchise students in educational institutions, the Cunningham agricultural commission bill and several taxation measures.
