Lenhart's park, according to "Bill" Allison is real beauty spot. It happens that there is a tuft of grass in the back yard of the Lenhart bakery about two inches square. William Allison the proverbial joker, found it this morning in the barren back yard and erected a sign, "Keep off the grass." He has made the jovial baker the bearer of considerable fun as a result of the discovery.

**The Test of Time**

Time determines whether the policies under which a bank is operated are safe.  
This bank has been in business twenty-six years.  
It has grown steadily until it has become one of the strongest and most prosperous financial institutions in the West.  
The soundness of its policies is attested by the long list of conservative business men who transact their business here; also by an earned surplus of \$130,000.00, the work of time and the result of conservative management.  
This bank has facilities for taking care of more high grade business and offers its services to those who appreciate the best in banking.
