Obstinate Acne Quickly Yields

Fine Remedy that Clears Skin of Pimples on Cheeks, Temples, Sides of Nose and Chin.

Let S. S. S. Purify Your Blood. Insects can't Harm.

Acne attacks the glandular structure of the skin, more particularly those tiny glands that secrete fat. And it is here that S. S. S., the famous blood purifier is most active in its influence.

There is one ingredient in S. S. S., the purpose of which it is to stimulate the cells in the tissues that they select from the blood the nutriment that makes new skin and thus eliminates all irritants, acids and parasites that inflame the glands. There is a natural tendency of the fine network of blood vessels in the skin to throw off impurities, but where a persistent inflammation process has invaded the skin, the natural repair work of the blood is interfered with. It requires the stimulating activity of S. S. S. to overcome such morbid conditions. If you have been troubled with acne, do not despair of a cure.

You can get S. S. S. in any drug store, but insist upon having it. Take no chance with a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept. The Swift Specific Company, 181 Swift Bldg., Atlanta, Ga.

and we did not have to send east to get these workmen, either. They are honorable men, who make good. They will not turn out a car that is not properly repaired. They are honest with me, honest with my customers and honest with themselves. They are the highest priced men in the city, but their time, skill and labor goes on your job of repair work at the same price that other garages are charging for inferior workmen.

Bring your work to us where there is no guess as to its being done right. The cost to you is no more and the results will gratify you.
