The Excelsior Reels off the Miles while Others Stop to Catch Their Breath

The Excelsior is the fastest stock Motorcycle in the world. It has a certain "snap" and "punch" that just carries its riders in perfect safety to easy victory.

The best part of it all is that the EXCELSIOR "always makes good." You can depend upon that absolutely and positively. No other machine has a show when the Giant-powered "Ex" is on the entries. We back up our statements with pictorial proof and uncontroversial facts. The records below are of the races held at Portland, Ore. They are more than cut and dried figures. Please note these interesting facts:

In Race No. 6 the winning "Ex" was a special stripped stock. Motor made 5 miles in 4:40 from a standing start.

The fastest mile was reeled off in 51 seconds flat. This machine was used by Mr. L. C. Rose, president of the Excelsior Motorcycle Co., Inc., of Portland, Oregon, for 17,000 miles, and has never received the slightest bit of repairs outside of two new piston rings two days before the race.

The 5 mile professional 4 H. P. ported race was won by Mr. Simmons, a 180 pound man, on an "Ex" which ran 68,000 miles in actual service for the Portland R. L. & Power Company. And so it goes. Behind each "individual Ex" victory is a bit of interesting history.

SIX "FIRSTS," ONE "SECOND" OUT OF SEVEN RACES.

- Three Miles, 61:00, Ported Excelsior first, second and third, time, 2:38.
- Five miles, 30:50, ported, Excelsior first, Time, 5:00.
- Five miles, 61:00, stripped stock, Excelsior first, time, 4:46.
- Four miles, 30:50, stripped stock, Excelsior first, time, 4:18.
- Five miles, 61:00, stock, Excelsior first and second, time, 4:40.
- Five miles, 30:50, ported, Excelsior second, time, 5:07.
- Three miles, 61:00, ported, Excelsior first and third, time, 2:34.

NOXIOUS WEED WAR DECLARED

ALL ROAD SUPERVISORS ARE INSTRUCTED AS TO METHODS

Notices to Be Issued to All Those Derelict in Their Duties.

War on noxious weeds has been declared in this county. Each road supervisor is going to give special attention to the matter for the next 10 days and the orders are to the supervisors to "get rid of the weeds." The shrub is no joke and property owners here and there and everywhere will likely find out there is no joke about it. In La Grande, all the towns of the valley and all country districts this same war is to be waged and reports from many districts indicate the war is a much-needed one. It is a big task for the supervisors but all have orders to give special attention to it.

Official Orders Issued.

The County Court is having the road supervisor of this district issue the following notice as to the destruction of noxious weeds:

To _____
You are hereby notified to at once destroy all Russian Thistle, Canada Thistle, Chinese Thistle, White Mustard, Cockle Burr and Silver Brush Salt Brush, now growing upon _____
Section _____ Township _____
R. _____ E _____
W. M. Union County, Oregon, now occupied by _____

If you fail or refuse to destroy said above noxious weeds for ten days from date of service of this notice upon you, you will be proceeded against as provided for by the Sections 1, 2 and 3 Chapter 168, General Laws of Oregon, enacted 1907.

Supervisor of Road District No _____

Following is the wording of the law upon which the order is based:

Chapter 394, General Laws of Oregon, for 1913, reads: Be it enacted by the people of the State of Oregon,

Be it enacted by the legislature assembly of the State of Oregon.

Section 1. That section 6458 of Lord's Oregon Laws be and the same is hereby amended so as to read as follows:

Sec. 6458. It shall be the duty of each road supervisor in each road district in this state, in addition to the duties heretofore prescribed by law to ascertain from time to time and know whether or not there is in his district any weed known as the Russian thistle, the Canada thistle, the Chinese thistle, or sisymbrium altissimum (called white or Jim Hill mustard), cockle burr (known as the dagger cockle burr), atrisplex argentic (called silver salt brush), and he shall as he ascertains that there is any of such weed, and before any thereof had shed its bloom or commenced to form the seed, serve or cause to be served upon the owner of the land or the land adjoining a road or highway to _____ thereof, if he be known and

residing within the county, and if not upon the occupant of the premises or to the center of the road or highway adjoining said premises upon which said weeds or thistles may be, a notice in writing notifying said owner or occupant of the existence of said thistle, or weed or weeds, and in such notice shall give the name of weed and the description of the land upon which same is growing, or in case said weeds or thistles are growing upon a road or highway, a description of the land adjoining said road or highway. Said notice shall be served by delivering to the occupant or person in charge of said premises or land adjoining said road or highway, a copy thereof duly certified to be such by the person serving same, and if there be no occupant of such land upon which such weed may be growing then such notice shall be served by posting in three conspicuous places upon said premises a copy of such notice duly certified to be such by said road supervisor.

Section 2. That Section 6460 of Lord's Oregon Laws be and the same is hereby amended so as to read as follows:

Sec. 6460. If such owner or occupant shall fail or refuse for ten days after being so notified of the existence of such weed or weeds upon said land or said land adjoining a road or highway, to completely remove same, it shall be the duty of such road supervisor and he shall have authority, to go upon said land or road or highway calling to his assistance such help as he may deem necessary and cause said weed or weeds to be extirpated from said land or road or highway in such a manner that it will be most effective and work the least injury to the land, but that will destroy said weed and its seed and prevent the same from in any way spreading to any adjoining lands. Adv. tf.

Skiff In His Office.

Postmaster O. J. Skiff is now fairly established in his office and will soon be familiar with the work thereof says the Union Republican. He will retain Deputy James Webb as an assistant in the office, and together they will keep things moving. Postmaster Davis practically concludes his work in the Union postoffice this week.

While out fishing recently, L. B. Haynes, of Union, accidentally stepped upon a China pheasant that had its nest in the grass along the stream. The bird flew away leaving a nest containing twelve eggs. Knowing that these birds do not return to a nest when once scared away, Mr. Haynes took the eggs and carried them carefully to his home in Union, where they were placed under a setting hen. In due course of time the eggs all hatched, and Mr. Haynes now has a dozen lively little pheasants all doing well.

A Good Investment.

W. D. Magli, a well known merchant of Whittemound, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy

We Have the Plant

We Have the Workmen

and we did not have to send east to get these workmen, either. They are honorable men, who make good. They will not turn out a car that is not properly repaired. They are honest with me, honest with my customers and honest with themselves. They are the highest priced men in the city, but their time, skill and labor goes on your job of repair work at the same price that other garages are charging for inferior workmen.

Bring your work to us where there is no guess as to its being done right. The cost to you is no more and the results will gratify you.

Always at your service night and day.

Back From Canada.

King Spain came in from Canada this week, and expects to return north soon for his family. Mr. Spain's health is not the best and he finds the conditions north rather rigorous for a man in poor health. He thinks the Grande Ronde good enough for him for the balance of his days, and will return to his ranch in Pyle canyon.—Union Republican.

worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.
