WEED WAR IS NO JOKE WAR

ONE WEEK FROM TODAY WHOLE-
SALE ARRESTS PROMISED.

Ample Notice Deemed to Have Been
Given to Property Owners.

One week from today the street department is going on a still search for noxious weeds and wherever they are found, warrants will be sworn out for the owner of the property, or if the owner is a non-resident, for the agent for the land. This matter is no joke and the owners of property must not think that it is for next Monday there is going to be a whole-sale lot of arrests unless noxious weeds are cut down before that date. This is the ultimatum of Street Superintendent Stacey who with county officials working outside the city limits, is joining in the war on noxious weeds. Official notice to clear up weeds will have been published for 10 consecutive days by next Monday and that is deemed ample and sufficient time to remove weeds from all city property.

Personal notice has been served on many. The offense is punishable by fine from \$2.50 to \$10.00 for each offense.

Causes of Stomach Troubles.
Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.

WATERMELONS COME

First Arrival Brings Three Cents Retail to Dealers.

For the first time this year local merchants are dealing in watermelons. Three cents per pound is the opening quotation for the California variety now on sale.

Signals for Fire Meeting.
As the volunteer fire department holds its meetings on the third Tuesday of each month, the fire bell will ring three taps at 7:30 of such meeting nights, followed by 3 taps at 7:35. This signal alarm will prevail when ever a special meeting of the department is called.

Economy Makes Dividends For Stockholders

One of the really big institutions in Portland is the Fred A. Jacobs Company. From a modest beginning six years ago, this Company has been brought to the proud eminence of being the largest organization of its kind on the Pacific Coast. Two men alone are responsible for the marvelous growth and prosperity of this Company—one, Mr. Fred A. Jacobs, President of the Company, and the other, Mr. H. G. Beckwith, its General Manager. These men have handled the Company's affairs so ably and skillfully that it today has over \$2,000,000 in assets and more than 7000 customers on its books.

Mr. Jacobs and Mr. Beckwith occupy similar positions in the official family of The Metropolitan Investment and Improvement Company, and it is to their good business judgment that the splendid success already attained by the Metropolitan Company is due.

One of the valuable assets of The Metropolitan Company is its business association with the Fred A. Jacobs Company. By virtue of this business association and co-operation the business of The Metropolitan Company is conducted **WITHOUT A CENT OF COST TO ITS STOCKHOLDERS**—that is, the Company is charged with no office rent, and its bookkeeping and other clerical work is done by the office force of the Fred A. Jacobs Company. The result is that no part of the income of The Metropolitan Company is required to pay overhead charges—**EVERY DOLLAR GOING TO THE STOCKHOLDERS IN THE FORM OF DIVIDENDS OR TO THE SURPLUS FUND.** But the most valuable asset that accrues to The Metropolitan Company through its association with the Fred A. Jacobs Company is the fact that it has direct access to the 7000 customers of the Fred A. Jacobs Company.

The history of building and development companies throughout the United States is one of large profits where the personal equation of good business management is found. There is no better investment for both safety and profit than building companies nor is there a better medium for saving money.

Metropolitan stock is now selling for 102 1-2. July 15 the price will be increased to 103 1-2 and as the profits of the Company grow the price of the stock will be increased in proportion.

The Company is now paying quarterly dividends **OF 2 PER CENT** and has this year set aside **9 PER CENT** and is a fair indication of what may be expected in the Los Angeles Company. Ten years hence, the future.

To delay in buying Metropolitan stock is to lose money. Buy before July 15th and save the one dollar advance which will take effect on that date.

The Los Angeles Investment Company, after which The Metropolitan Company was patterned, is the strongest financial institution in Southern California; it has assets greater than the combined capital and surplus of the four leading banks in Los Angeles. Its stock sells for \$439 in the Los Angeles market. There is no reason why the stock of the Metropolitan Company will not duplicate the remarkable record of the Los Angeles Company. Ten years hence, the Metropolitan Company will occupy the same relation to Portland that the Los Angeles Company does to Los Angeles now. Come into the Metropolitan Company now and share in it all.

\$5.00 Down and \$5.00 Per Month. Cash Dividends Every 3 Months to the Small and Large Investor Alike.

The Metropolitan Company issues a monthly paper called "Homes." In it is found valuable information pertaining to the operations of the Company and descriptive matter illustrating the progress that home building is now making in Portland. Tear off the coupon below, mail it to us and we will place you on the mailing list of "Homes" without in any way obligating you.
