

GUESTS SEE CITY EARLY

NINE O'CLOCK SIGHT SEEING TRIP TAKEN.

Commercial Club Stages Auto Ride for Attending Delegates.

Delegates to the annual district Epworth League institute which meets at Joseph, coming from a large territory of Eastern Oregon consisting of five counties, saw La Grande in a sight seeing tour between trains this morning when the Commercial club, under the direction of Secretary Humphreys, was host for an hour to the delegates. A half dozen auto loads of delegates coming as the advance guard of more to follow, and who will officially open the institute with what delegates were picked up by the branch line train en route to Joseph today, were whisked about the city and taken to Riverside park between 9 o'clock and 10 o'clock this morning. The several miles of paved streets and the portions of the city on these streets were shown to the delegates, and at 10 o'clock when the visitors continued their journey they were a much enthusiastic group of boosters for La Grande.

The institute this year attracts visitors from Umatilla county though that county is not regularly in this district. The five most extreme eastern and southeastern counties of the state comprise the district which convenes at Joseph. J. H. Rudd of this city is president of the district, and went out with the first delegation. The recording secretary, Miss Latita Thompson, of Union, was also in the first delegation and the second vice president, Miss Nellie Johnson, of John Day, was among the officials in the crowd that arrived today.

DEATH NEWS COME.

Conductor Frank Baker Advised of His Father's Death Today.

The death of Conductor Frank Baker's father in Sheridan, Wyo., at 3:30 this morning, has caused postponement of the Presbyterian lawn social announced for this evening. Word of the death reached Mr. Baker this forenoon. The deceased was a civil war veteran and only last May was left a widower by the death of his wife. There are nine living children of the Baker family and all were home during the fatal illness and death of Mrs. Baker but since her demise had returned to their respective homes. The demise of Mr. Baker was unexpected and threw the Baker household into gloom today.

Conductor Baker will be unable to attend the funeral services at Sheridan.

Children Show Interest.

Salem, July 16.—(To the Editor.)—Among the first things taken up by Superintendent J. A. Churchill was the work done in the industrial department. In order to get a line on what is being done in the different counties, Mr. Churchill called a meeting of the county superintendents who were in session last week at the state house in the capacity of the state board of examiners. Each superintendent reported an increasing interest in the movement and in most all cases the local exhibits bid fair to be larger and better than last year.

The state fair board was anxious to ascertain as nearly as possible how many counties would make collective county exhibits and how much space would be required for the juvenile department.

According to reports from the superintendents we feel confident of a dozen county exhibits and perhaps twice as many district exhibits which.

Pioneer Day.

The Pioneer Association of Union county will hold their annual meeting at Cove July 23. The exercises will be during the forenoon.

GALLERY FOR SPECTATORS PARENTS ESPECIALLY INVITED TO ATTEND. STRICTLY HIGH CLASS. C. P. FARRIN, Mgr.

in connection with the individual exhibits, will make the largest and best display of school children's industrial work ever assembled in any state.

It was decided at this meeting to waive the rule requiring library tables, made and exhibited by the children at the state fair, to be of certain dimensions (28x46), and permit the showing of different sized tables.

We find some of the children do not understand what is meant by "Best Account" in "poultry specials." A financial account is what is wanted—a statement or receipts and expenditures, showing as nearly as possible the profit or loss, as the case may be that the child has made with its country business since January 1, 1913.

The object is to have the children learn simple bookkeeping and get the habit of keeping accounts of all their business transactions. In doing this they will be able to ascertain the cost of production and what they can get the most profit on.

In connection with this financial account a nicely written statement regarding methods employed and experiences with different details of the business will add to its value.

We hope to have a large number of children competing for the nice prizes offered for "Best Accounts" as it will be good experience for them.

NO DIFFERENCE.

The Proof is Here the Same As Everywhere.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in La Grande, the same as everywhere. La Grande people have used Doan's and La Grande people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's La Grande proof. Investigate it.

Mrs. Isa Triplet, 1307 Jackson Av. It started with a pain in my back, together with irregular action of my kidneys. My back got lame and sore, and for several weeks it was hard for me to get around. I had heard about Doan's Kidney Pills and began using them. They gave me good relief from La Grande, Ore., says: "About a year ago I had a spell of kidney trouble, the first and soon rid me of the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Politician Returns, Dazed.

Tacoma, July 15.—After wandering about all night in the vicinity of the Wright park, in a dazed condition George H. Stevenson, a well known politician, who disappeared late Monday, walked into the home of a friend today. After calling up an attorney he walked to the hospital where he is under the care of physicians. Stevenson left home giving his family the impression he intended to take his own life.

Kissing Not Harmful.

Berlin, July 16.—In a long article, carefully prepared months ago, and printed in a local publication today, Professor Adolph Paskau, of Breslau, strongly champions osculation. "Far from being harmful," says the noted savant, "kissing may soothe the nerves and have a really beneficial effect physiologically." This pleasing note in the article is based, says the savant, on experiments. He doesn't say if the experiments were personal ones. "Humanity has survived kissing ten thousand years," the article continues, "and it will survive many more ten thousand if the world lasts that long. It is doubtful if any one ever contracted tuberculosis through kissing—at least not in Germany."

Smith Body Not Found.

Woodland, Wash., July 16.—No trace has been found of Mrs. Smith, whose husband's body was found on Mount St. Helens. The search is continuing.

Fortify West Indies.

London July 16.—An extensive program of improvements of naval stations and defenses in the West Indies in view of the proximity of the opening of the Panama canal was unofficially published here today. All the principal British harbors in the Caribbean, it was learned today, have already been surveyed in order to furnish material for a comprehensive scheme of defense which the admiralty and the war office are now jointly considering. Among the recommendations already adopted is one for the establishment of a large coaling and oil-bunking station for the exclusive use of British war ships at Castries harbor, St. Lucia. It is likely also that the plan of the colonial government, prepared several years ago, for a similar fuel depot in Carlisle bay, Barbadoes, but which was not carried out for lack of funds will now be undertaken by the admiralty.

Recently the Jamaican authorities bought a large site abutting the harbor of Kingston in order to deal with an extra demand for coaling, docking or repairing facilities. It is understood that the government's scheme includes also the creation of a naval base at Fanning island on the Pacific side.

DON RADER DEAL CERTAIN

PENDLETON PLAYER TO BRING FANCY PRICE.

Naughton of La Grande May Be Signed to Fill His Shoes.

Don Rader the young third baseman on the Pendleton team, brings a fancy price. He has been bought up by the White Sox just as was predicted for him, for, though young, a mere lad in fact, he has always shown the class that would bring the bacon in the end. Rader has many warm personal friends in La Grande but everyone who has seen the Backaroos in action either last year or this, agreed that Rader has the basic makeup of a winner. Naughton may be booked on to take an infield position with the Sox, and of the sale of Rader and other things the East Oregonian says:

"Beside getting a trial in faster company, Rader's purchase by the White Sox nets him a healthy role of the long green. The purchase price was \$750 and \$250 of that amount goes to the player, who largely brought about the transaction through his friendship with Eugene Doyle, the Chicago scout.

Vice President Ritner this morning received a telegram from President Comiskey of the Chicago White Sox giving Pendleton permission to keep Rader until a man is secured to fill his boots. An effort is now being made to land Naughton, former La Grande infielder.

COVE PERSONALS.

Cove, July 16.—(Special)—The Eastern Oregon farmers met here last Saturday. There was not as large a crowd as was expected but those who came enjoyed themselves. A big dinner was held in the Macabee hall at noon and in the afternoon a program was given.

Saturday afternoon Union defeated Cove in a game of base ball. The score was 3-5. Sunday there was another big game when Alicel and Imbler were defeated by Cove.

Miss Violet Hancock returned to her home in Cove. She has been working at the Oregon Agricultural college for the past winter.

Mrs. Ella Saunders returned from Baker Tuesday, where she has been since school closed.

Judd Geer was a business visitor in La Grande Saturday.

The Boy Scouts spent Thursday and Friday on the Minam. Robert Williams the assistant scout master went with them.

Miss Eva Neely and Mrs. E. C. Rees returned to Mrs. Rees' home in Cove. Mrs. Rees has been visiting in Vale for the past two weeks and Miss Neely came home with her to spend the summer.

Gerald Wilkenson of La Grande is visiting at home of James Rundell.

Robert French and family went to Walla Walla Friday in their car and returned Sunday. The roads are fine and they made the trip each way in eight hours.

F. C. ... made a trip to Wallawa Sunday returning the same day.

Last Friday was amateur night at the electric. The proceeds go to the Cherry Fair association. Besides the moving pictures there was a vocal solo by Georgia Miller, an instrumental solo by Bessie Lantz and a song by the following quartet: F. M. Stedler, Mrs. F. M. Stedler, Mrs. Pease and A. A. Antles. Next Friday will also be amateur night. That night the contest for Cherry King and Queen will close.

A Good Investment.

W. D. Magli, a well known merchant of Whitewood, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic Cholera and Diarrhoea remedy was worth more to him than the cost of his entire stock of these medicines.
