NUMBER 10

Portland Agitators Precipitate Wholesale Riots

HEATHENISH PRACTICE BY BULGARS SEEN

NOSES AND EARS OF VICTIMS CUT OFF AND WOMEN OUTRAGED.

MEDIATION MAY FOLLOW

Greeks Assert That Terrible Atrocities Are Invoked on Greeks Captured by the Bulgarians—Women Outraged and Later Burned to Death—Slaughter of Entire Towns Is Frequent.

Athens, July 18.—Probably immediate intervention by the powers to end the atrocities charged to the Bulgarian troops, by King Constantine, of Greece, was seen in the departure of secretary of the French legation today, for the devastated district for a personal investigation. The Greek war office charges that the wives and daughters were outraged by the retreating Bulgars before the eyes of their husbands and fathers and that the bodies were cremated. It is alleged that 30,000 muselmans were massacred at Doiran, and their bodies horribly mutilated.

Bodies of Dying Mutilated.
The noses and ears of the dying victims were removed say reports, and thousands of homes were burned. The path of the retreating army it is now charged is marked by hundreds of corpses. Thousands of dollars' worth of foreign property is reported as destroyed at Seres. The Bulgarians are training guns on all foreign buildings there.

Thousands of residents it is charged were killed when the Bulgars' guns swept the city.

Sofia In Critical Position.
Sofia, July 18.—With the main column of the Roumanian army only 30 miles away, Sofia faces a critical situation. The Bulgars are not prepared to resist and the War office admits that the invaders could enter the capital tomorrow if rushed.

New Cabinet Organized.
M. Malinoff was unable to form a cabinet and M. Radestrovoff, a liberal leader, was named premier. He immediately formed a cabinet and a plan of action will probably be reached before tonight.

Further Information at London.
London, July 18.—Further verification of the reports that Greece, Roumania and Serbia have agreed to joint operations to crush the Bulgars were received in dispatches at the Reuters News agency today. It is said that the allies have decided to refuse to agree to any armistice and are determined to draw up peace terms only when the combined forces enter Sofia. The Greeks and Servians are greatly enraged at the latest Bulgarian atrocity.

American Player Wins.

London, July 18.—In the first round of the tennis singles here for the Davis cup, Norris Williams, of Philadelphia, defeated Schwengers, of Canada, in three straight sets. The scores were: 6-4, 6-2, 6-4.

Maurice McLoughlin, of San Francisco, was defeated by R. B. Powell, of Canada, in three straight sets. The score, 10-8, 6-1, 6-4.

LOBBY AFFAIR POLITICS SAY REPUBLICANS

DEMOCRATS ACCUSED OF MAKING CAPITAL OF MULHALL STORIES.

STORY CONTINUED TODAY

Activities in 1908 Told by Mulhall—Many Letters Discrediting the Evidence Is Sent to Committee—New Jersey Politician Would Testify Before the Committee Before Tuesday.

Washington, July 18.—Resuming his testimony, Martin Mulhall today described his movements in the fall of 1908 while he was assisting at the re-election of a congressman, favored by the manufacturers: "I was ordered to sleep in clothes," and Mulhall, "and I did so. We simply had to put the republican ticket across, and we did."

Twenty thousand letters designed to discredit Mulhall will be introduced by the manufacturers. A charge that democrats are manipulating the inquiry for political purposes is made by Nelson, a republican member of the Overman committee.

Later Cummins interrupted the progress of Mulhall's testimony to exhibit a telegram from Wood McClave, of New Jersey, asking permission to testify. Nelson demanded that McClave be permitted to testify and he will appear tomorrow. McClave is a republican candidate from New Jersey and a special election will be held next Tuesday to fill the vacancy.

Mulhall declared he and other employees of the manufacturers, worked night and day in Indiana in an effort to save Former Congressman Watson who, in 1908 was defeated for governor.

Auto Accident Costly.

Chicago, July 18.—Driving an automobile at the rate of a mile a minute, a party of joyriders ran down and fatally wounded Felix Wojoswicz, a Polish laborer. Patrolman Wing in command of a motorcycle pursued the automobile for two hours emptying two revolvers at the occupants, but they escaped. It is believed that one of the party was wounded.

RECALL PETITION CIRCULATOR RUMORED TO BE GEORGE CRANE

Circulation of the Mayor Hall recall petition is said to be going on again today. The circulator of the petition is said to be George Crane of south La Grande, who last winter approached Mayor Hall with a request for appointment to the office of poundmaster. This was shortly after Dr. Hall had been installed into office and Mr. Crane came to him with a claim to have backing by certain councilmen.

The mayor held the opinion at that time that a poundmaster was unnecessary during the winter months and the

Many Women Arrested And Jailed During Fight

F. W. W. Agitators and Police in Spectacular Fight on Portland Business Streets

Portland, July 18.—Scenes of rioting, probably the wildest in the history of this city, were enacted last night when deputy sheriffs and patrolmen with drawn clubs, charged a crowd of 3000 persons including members of the Industrial Workers who are in sympathy with the striking girls and women employees of the Oregon Packing company, and on-lookers who had gathered at the intersection of Sixth and Washington streets when they learned that a street meeting was to be held. Nearly 100 were struck and many were knocked down by the officers who used clubs and fists indiscriminately. The disorder had its inception when 16 girls and women strikers and women sympathizers supported by a large number of the industrial workers attempted to speak in the streets in violation of the mayor's orders. Thirty deputies and 100 patrolmen after ordering the crowd to disperse drew their clubs and charged. For ten minutes the street was filled with a struggling and shouting maelstrom of people, most of whom were attempting to escape from the police. The business district was cleaned after a 30-minute struggle.

Many Women Arrested.
Doctor Equi and her followers were loaded into automobiles and taken to jail. Several automobile patrol loads of men were also taken. Some men were roughly handled when they resisted.

The other women arrested are: Mrs. Mary Schwab, 29; who was set at large after two mistrials on the charge of previous incitement of riot and use of indecent language; Anges

Tuly, 16; Sadie Brawley, 14; Pauline Holler, 29; Belle Goldfish, 27, who had also been arrested for previous disturbances; Mrs. Kite, 40; Jean Bennett, 18; Agnes O'Conner, 32; Mrs. Bean, 57. At the jail Doctor Equi again attempted violence and was sternly subdued. Charges of disorderly conduct were placed against all arrested.

Doctor Equi, a practicing physician and suffrage leader, who recently espoused the Industrial Workers' cause, previously announced she would defy the police by speaking on the street last night, declaring she would scratch with a poisoned pin any officer who molested her. She showed fight when taken and the combined efforts of two officers were required to overpower her. A piece of gas pipe two feet long which she attempted to wield as a weapon was taken by the officers. Two smaller pieces of pipe were found on the floor of the automobile when it arrived at the police station with the woman.

Chief of Police Clark declared no bail would be accepted for the women or men before morning. Some time after the arrests crowds flocked to the scene but the police kept them moving.

The trouble which led up to the arrest originated in the strike of girl workers at the fruit cannery of the Oregon Packing company. The trouble there ended last week but the I. W. W. agitators took up the fight and continued it until Mayor

(Continued on Page Eight.)

DEADLOCK IN STRIKE STRONG

NO INDICATION OF A BREAK IS APPARENT.

Both Sides Evidently Will Not Recede From Present Stands.

New York, July 18.—The deadlock between the railroad managers and a committee representing 80,000 trainmen and conductors, on eastern lines, over the question of submitting "all grievances" to a federal mediation commission, provided in the Newlands amendment, was continued today. Both sides are apparently determined not to recede.

RAIL RIDE IS WOMAN'S LOT

FIFTY ILLINOIS WOMEN MISUSE NEIGHBORWOMAN.

Arrests Sought for Women Who Participated In Sensational Rail Ride. Waukegan, Ills., July 18.—John Richardson, a crippled storekeeper of Volo, near here has sought warrants for fifty women vigilantes who kidnapped his wife, and rode her on a rail through the streets of the town and dumped her in a sea of mud.

The wife has left town, and Will Dunnill, Richardson's brother-in-law has disappeared. Richardson denies there was anything wrong between his wife and Dunnill.

The mob seized Mrs. Richardson and tore off a part of her clothing placed her on a rail, pelted her with mud and stones and ordered her to leave town. Then the vigilantes went to Dunnill's residence, but he had left.

Militant Leader Released.

London, July 18.—Anne Kenney, the militant leader who was re-arrested a few days ago, was released from the Holloway jail today on a ticket of leave. She was extremely weak from the effects of the hunger strike.

Belmont Horse Wins.

London, July 18.—August Belmont's Tracery won the fifty thousand eclipse stakes at Sandow park. Louvois was second and Bachelors' Wedding was third. There were seven starters.

AUTOMATIC RECALL.

After the amusing side of the recall talk has been indulged in and the sober, tax-paying element settle down to think things over, it is well to bear in mind that the new charter is now being printed; that a charter election will be called shortly and if the charter carries (as is most certainly will) it acts as automatic recall on every city officer in the city hall.

Is this not sufficient recall for those who are clamoring the loudest?

Is this not the proper course to pursue, instead of opening up a feud which will never die, but will continually arise in the future to block the city's progress?

What does revenge and spite count when the whole municipality is at stake?

Safe, sane thinking will line up the substantial element of this city against any inflammable recall movement, whether it be on the mayor or any member of the council. The new charter is the thing to consider, not the personal feeling of any man or set of men.

MEDIATORS NOMINATED

TWO MEMBERS OF NEWLY MADE COMMISSION NAMED.

John Montag of Portland, Nominated for U. S. Marshal.

Washington, July 18.—President Wilson has sent the following nominations to the senate:

To be commissioner of mediation and conciliation, a board created this week to handle the pending strike situation, William L. Chambers of the District of Columbia.

To be assistant commissioner, same board, G. W. Hanger, District of Columbia.

To be United States judge for the Northern district of California, Maurice T. Dooling.

To be federal marshal, district of Oregon, John Montag of Portland.

ONE KILLED; THREE INJURED.

When Auto Crashes Into Pole and Occupants are Thrown Out.

Seattle, July 18.—Mrs. Frances Lennon, wife of Arthur J. Lennon president and manager of the Lennon Hosiery and Umbrella store, was killed, and Mrs. Marie Clemmer, wife of James Clemmer, manager of the Clemmer theatre, was severely injured here today when an automobile driven by Clemmer, crashed into a telephone pole. Lennon was thrown out and escaped with slight injuries. Mr. Clemmer escaped with serious injury.

Clemmer was speeding along at 25 miles an hour. He took the corner where the accident occurred at so high a speed that the car skidded from the road into the gutter, where it hit a telephone pole and turned over.

Mrs. Lennon was instantly killed. Mrs. Clemmer sustained a cut in the forehead and bruises under the chin. Her husband was not cut but suffered severe shock. He was removed with his wife to the hospital.

HUERTA SENDS PRESIDENTIAL TICKET AWAY

FELIX DIAZ ORDERED TO JAPAN ON MISSION OF LITTLE IMPORTANCE.

COMPLICATIONS GROWING

If Huerta Should Be Elected President, Wilson Administration Will Be In More Predicaments Than Now—With Diaz Gone It Is Hardly Likely That He Could Be Elected.

Washington, July 18.—Elimination of General Felix Diaz as a presidential possibility at the October election in Mexico is believed by diplomats to be back of Provisional President Huerta's move in sending Diaz to Japan as a special ambassador to thank Japan for participation in the Mexican centennial.

Diaz is scheduled to leave Saturday. It is believed it means Huerta will be a candidate for presidency and that he probably will win.

If this should occur it would add greatly to the embarrassment of the Wilson administration for failure to recognize Huerta.

Bryan has returned from his lecture tour and immediately conferred with the president, probably over the Mexico affair.

Recognition Is Urged.

Longbeach, Cal., July 18.—"Recognize the Huerta government in Mexico," is the advice of Colonel E. Randolph, president of the Southern Pacific lines in Mexico, who is visiting here. Randolph denied the reports that the federal and rebels in Mexico were molesting the Americans but declared that the American recognition was the solution of Mexican difficulties.

Mrs. Cantrell Dead.

After a lingering illness Mrs. Cantrell of Hilgard, died a few days ago, and the funeral was held yesterday afternoon. She has been critically ill for some time. Her family has the sympathy of a large circle of friends.

COVE JUNKET IS ABANDONED

CONTEMPLATED TRIP COULD NOT BE TAKEN.

Cherries Ripening So Fast That Men Could Not Leave Orchards.

Cove's contemplated circuit of the Grande Ronde valley with a train of automobiles to boost the cherry fair, was called off this morning because the cherries are ripening so fast that the orchardmen could not consistently leave the orchards.

C. M. Humphreys was this morning advised by telephone from Cove that the trip had been called off. It is announced however, that two automobiles will tour the valley tomorrow to post bills for the occasion.
