Take the Drudgery From

Housework

Do you realize the convenience, the cleanliness, the real economy of electrically heated household appliances? And do you know you can have them as willing servants, doing your bidding—ironing, washing and cooking?

And the convenience is not the only thing; think how cleanly and sanitarly.

At a small cost you can have a heating circuit wired in your house and use your iron, your toaster, your oven, your washer or any other appliance at our cheap rate.

Our rates for cooking and appliances are cheap, 3 1-2 cents and 3 cents a Killowatt.

Do it now, Phone Main 34 and ask us about it.

MID-SUMMER SCHOOL STARTS

BIG TERRITORY REPRESENTED BY STUDENTS.

Joseph Lake Summer School Well Under Way This Week.

The long anticipated summer school is in session, affirms the Joseph Herald. The faculty promised is here and in one day's time everything was in running order. The second day the classes met regularly. Those present as members of the faculty are Edward H. Todd, vice president of Willamette University; James Matthews, head of department of mathematics of Willamette; Florian Von Eschen, head of department of chemistry and physics of Willamette; E. L. Coe, principal of Cook County high school; O. C. Whitney, principal of the Bryant school in Tacoma; Supt. Conley of this county and Mrs. E. L. Coe, who has charge of the music.

Students have registered from Marshfield, Tillamook, Antelope and Willowa county in Oregon; from Boise, Caldwell and New Plymouth, Idaho; and one from the central part of Washington. It is a representative class of students and manifest a desire to work. Ten thousand advertising bulletins of the university were sent out and there have been write-ups in papers reaching hundreds of thousands of people who never knew of Joseph and Willowa lake before. The O.-W. R. & N. company has placed the event on folders and lent every assistance possible.

The stock show to be held on Friday and Saturday of next week, July 25 and 26, is a direct outgrowth of the coming of the summer school. Dr. Todd has given much time and attention to getting the persons together for these gatherings. He has lent his inspiration and counsel to the planning of the Epworth League institute which is in session this week. All of these are affairs of such a character as to be desired by any community. It is hoped that all may become permanent annual gatherings in Joseph. They are worth landing.

The Tuesday and Friday evenings of the six weeks' session are all planned. This week the Epworth League institute will provide prominent speakers each evening. Next week on Tuesday evening Dr. Todd will lecture on "Why Grow Up?" and Mr. C. L. Smith will lecture on Friday evening on "Home Building." The lectures all to be without admission fee. The trustees of the Methodist church have offered the use of the auditorium for lectures and entertainments, and the proffer has been accepted.

Dr. Homan, president of Willamette and W. Eugene Knox, dean of the college of expression of Nebraska Wesleyan University, are to be heard in the near future.

W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic

and Diarrhoea remedy was worth more to him than the cost of his entire stock of these medicines.
