# PUBLIC MARKETS UNDER DEBATE

## PORTLAND MAY CIRCUMVENT PRICE HOLDING.

### Importation of Onions and Potatoes From Other States Fought.

The fact that onions from Texas, potatoes from California, and eggs and poultry from points outside Oregon are shipped to Portland in carload lots, while the farmers in the immediate vicinity of the city, as well as those tributary to the railroads leading to that market, can not find a market for their produce at any price, has led the Portland realty board to actively take up the question of establishing public markets where gardeners and farmers may dispose of their product direct to the consumer with great benefit to both. It stated that the fact that farmers cannot sell their own crops in Portland without a license, and the further fact that the commission men will not buy from him except at their own prices, is causing many farmers to allow fruit and vegetables to go to waste rather than to dispose of them at a loss.
