Get All the Use You Can Out of

Your Electric Iron

THE UTILITY HOLDER

Invert your electric flat iron on this holder and you will have an efficient heater useful for many purposes. After the current is cut off from the iron the heat will remain in it for a long time keeping anything hot that you may place upon it. Some of its uses: heating water for shaving, pressing velvet steaming feathers, heating the baby's milk, keeping a meal for a late-comer warm, often saving you building a fire in your range, etc. Costs 25 cents; better get one today.

Don't forget if your house is not wired that for a small payment down you can have it wired today. If you have not investigated the easy plan phone us today. Costs you nothing to talk it over. Many have already taken advantage of this liberal offer, why not you?

JOSEPH NEWS OF INTEREST

HUNTERS GO DEER HUNTING WITH NO FRUITS.

Personal Mention From Joseph and Nearby Districts.

(Joseph Herald.)

Mrs. E. Holst has returned from a two weeks' visit with her husband in La Grande, where he is doing some mason work by contract.

Pete Wilson, a former resident of Imnaha, won the first prize in the bucking contest in the Rodeo or Frintier fair at Klamath Falls last month.

About a dozen of our citizens deer-hunted this week in various directions from Joseph. Up to the hour of going to press we have not heard of any fatalities among either the four legged or two legged animals.

After a long sickness with diabetes, the death of John William Legore occurred at his home in Joseph on August 5. The burial took place today in the Alder Slope cemetery, the funeral services being held at the M. E. church at 10 o'clock by Rev. Miller.

The deceased was born to Mr. and Mrs. Henry Legore near Joseph on June 21, 1892. He never enjoyed robust health, and a few weeks ago his mother took him on a trip to visit relatives in Union county and also in Idaho, with the hope that the change would benefit him, and returned home only four days before his death.

The young man was a member of the Presbyterian church and was much respected by all who knew him. He is survived by the parents and one sister, Mrs. Frank Marr, who have the sympathy of the community in their sad affliction.

One of the most severe rain storms ever seen in Wallowa county occurred Tuesday. In fact it was so nearly a cloudburst that a pin could not be stuck between the difference. Some damage was done to the hay north of here and to the east.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.

Lightning Starts Fire.

Baker, Aug. 8.—(Special)—Three fires started by lightning in the timber near Baker have been discovered this week. A tree was struck last night on Sutton Creek, but the blaze was extinguished before it spread to other timber. Monday night a blaze started on Stephenson's ranch. On Beaver creek the same evening another fire was discovered. None of the fires caused damage.

Loses Eye.

Baker, Aug. 8.—Early yesterday morning Guy Hobson, aged 30, was brought to the city by his employer, James Childers, from the latter's farm on lower Powder river, and his right eye was taken out by Dr. C. M. Pearce.

Hobson had saddled a wild horse and the animal pulled backward. Hobson struck him around the fore legs with the bridle whip when a part of the romal, or whip, broke off and struck him in the eye.

Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." For sale by all dealers.

FAREWELL TO CHURCHILL

NEW STATE SUPERINTENDENT FETED TONIGHT.

Baker Will Express Appreciation to Veteran Educator.

To show their appreciation of his services for the past 23 years as city superintendent of the Baker schools, and to manifest their regret at losing State Superintendent J. A. Churchill and his estimable family, citizens of Baker have planned a monster farewell reception in their honor, to be held tonight at 8:30 o'clock in the Elks' auditorium. Everyone in Baker county is invited to attend the function.

W. S. Bowers will preside as toastmaster, and several five-minute talks have been arranged. Among those who will speak are Mayor C. L. Palmer, on behalf of the city; N. C. Haskell will voice the school board's sentiments; Walter Meacham, for the Baker High School Alumni association, will speak their regrets at the departure of the Churchill family and C. H. Treck will tell of Mr. Churchill's value in the civic welfare of Baker.

Music for the occasion will be furnished by the Haines orchestra. Refreshments will be served by the following young ladies: Misses Monroe, Dodson, Hazel Wattle, Addaline Dodson, Minnie McKay, Bernice Perkins and June Dodson.

Expenses at Pendleton Low.

Salem, Aug. 7.—"Though we figured that the maintenance cost for the Eastern Oregon Insane Asylum would average \$22 per capita a month, we have been able so far to maintain it at less than \$20," said Dr. W. D. McNary, superintendent of the institution, who is here conferring with the members of the state board of control.

"While I am not able to recall just what it has cost us up to the present to maintain the institution, I know it has been considerably below \$20 per capita—in fact, I do not believe it has reached \$19. Of course we cannot say until the end of the year just what it will cost, but unless something arises in the next six months which we cannot now foresee it is going to be considerably less than \$22.

"Contracts were awarded by the state board of control for three building construction work will be commenced at once. We are making a number of improvements about the institution, and getting it into an excellent condition. We have about 350 patients now and though we expected trouble from a number of sources we have had none thus far. While it has been hot, none of the patients have suffered. Patients who were committed to the asylum at Salem from Eastern Oregon were particularly glad to get back to the section from which they were committed and express themselves as well satisfied."

Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema ointment has proven a perfect cure.

Mrs. D. L. Kenny writes:—"I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter which has troubled me for over fifty years." All druggists, or by mail, 50c. Pfeiffer Chemical Co., St. Louis, Mo., Philadelphia, Pa.

Youthful Criminal Again In Toils.

Baker, Oregon, Aug. 8.—Charles [Name], who was sent to the reform school in January and escaped from that institution about three weeks ago with an "Oregon boot" of iron to keep him from escaping, attached to him, is again in the toils of the law. He was picked up at Huntington yesterday, charged with stealing a horse and riding outfit from the McEnroe ranch. The horse has been sold to a Copperfield party but was recovered. The animal was the property of Mrs. Schlund.
