SHERRY'S

To Exhibit Bronson Howard's Celebrated Civil War Drama "Shenandoah"

Bronson Howard's famous Civil War drama, "Shenandoah", has thrilled the imaginations of theatre-goers. It is with no little pleasure that Sherry announces "Shenandoah" will be presented on Wednesday and Thursday as a magnificent photoplay in three parts. It required more than a year for the Kalem company to produce this stupendous subject, as nearly every scene was made in the authentic locations. Thus when General Sheridan makes his famous ride to rally the panic-stricken troops, the spectator will see the bare grounds of Winchester, Virginia, which were visited by the Kalem producers and players. The bombardment of Fort Sumter was produced at Charleston, S. C., through special arrangements and one thousand soldiers take part in the battle scenes. One of the most striking effect and one never before accomplished in motion pictures—is a battle at midnight. The belching cannon illumine the sky and the soldiers are only seen by the flashes of their muskets.
