Spanish War Veterans to Amalgamate. Denver, Colo., Aug. 18.—Amalgamation of all the organizations whose members saw service abroad during the Spanish-American war and the campaigns growing out of it, was the important plan proposed today when the army of the Philippines and the veterans of the foreign service opened their annual reunions. Five hundred members of the organizations and their families are in attendance. The army of the Philippines is composed of men who saw service in that country and the veterans of the foreign service is composed of soldiers who saw service in any foreign country, principally Cuba and Porto Rico. The reunions will close Wednesday with the election of officers.
