## LAST VIRGIN LAND OFFERED

GOVERNMENT TO OPEN ITS LAST BIG DRAWING.

Ft. Peck Reservation Drawing Has Many New Phases.

Washington, D. C., Aug. 18.—Nearly 9,000 160-acre farm homes will be drawn by the "lucky ones" as the result of the throwing open of 1,345,000 acres of land upon the Ft. Peck Indian reservation in northeastern Montana next month. This is the last great land drawing Uncle Sam has to offer his people and one of the greatest in the history of government land openings in point of fertility. Government agricultural experts estimate that when this vast stretch of virgin soil is tilled it will add about 25,000,000 bushels of grain annually to the production of the United States—enough to feed an entire nation.

The interior department is making extensive preparations to rush a big corps of clerks to Glasgow, Havre and Great Falls, Mont., which are to be the registration points. These land offices will be open September 1 next and the work of filing for this land will then begin. The people will have a chance to continue filing until September 20.

The vastness of the area opened to white settlement is expected to make this one of the most alluring land openings ever presented to the people inasmuch as their opportunity of getting something in the drawing will be much better than in any previous land opening. For instance when the Coeur d'Alene, Flathead and Spokane land drawings were held last year a total of 90,000 people filed and drew for the lands in those three Indian reservations, the total area to which was about one-fourth of the area to be opened upon the Ft. Peck reservation. Government officials do not think that more than 75,000 people will file for the Ft. Peck land. Hence the chances of drawing a quarter section in the Ft. Peck reservation "lottery" are about four times as good as they have been in previous government land drawings. The actual value of this land is said by government agricultural experts to average about \$25 an acre. However, the government's appraisal for its opening to white settlement is only from \$2.50 to \$7 per acre, thus making real prizes for those who draw this land.

The drawing will take place in this way. The names of all who file for land will be placed in a big box and the envelopes drawn out one by one and numbered, until enough envelopes are taken from the box to correspond with the number of quarter sections available—8,406. Those getting the early numbers will of course get first pick of the land, in rotation, according to the numbers drawn. Then actual settlement of the land will begin May 1, 1914. Settlement is the same as under the homestead law, except that the appraised valuation must be paid—from \$2.50 to \$7 per acre, at these terms: One-fifth of the total down at time of entry and the rest in five annual payments. The settler, however, has the option of taking advantage of the new three-year homestead law by paying for his land at the end of three years and thus proving up on it. This gives the man of small means a chance for his "white alley."

Half a dozen modern town-sites already have been located by the government at points along the main transcontinental line of the Great Northern railway which runs through the Ft. Peck reservation for 100 miles.

#### Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.

### NEW ENTERPRISE THEATRE.

Institution to Be Continuous in Its Operations When Built.

A new playhouse for moving picture and vaudeville shows will be built in Enterprise at once, says an Enterprise paper. It will be of the most modern city style, with sloping floor and ornamental front. The fittings will be in keeping and the moving picture outfit will be equal to anything in the cities. The structure will be substantially fireproof. It will be erected on a lot to be chosen from several that are available. The playhouse will be open for the county fair, the first week in October.

The backers of the new undertaking started out by buying Thomas Wright's moving picture show now in the Enterprise House Furnishing company building. This purchase was made last Saturday, the new owners taking possession at once. They will continue to run this place until their new building is ready for occupancy, then will sell the equipment now here, or will send it to some other town.

Those interested in the business are F. W. Rader, of Enterprise and J. D. Cline and R. M. Miller of Chehalis, Wash., with whom some Seattle men are associated. They will incorporate, probably under the name of the Bell Theatre company. D. M. Cunningham is manager and will remain in that capacity.

Continuous performances will be given six nights in a week, and Saturday afternoons. While moving pictures will remain a prominent feature of the establishment, vaudeville acts are expected to be provided regularly. There will be an ample stage, with room to accommodate any of the traveling companies that may wish to show here. The house is to seat 300 persons.

#### Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other forms of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.
