

Costly Treatment.
 "I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked digitalong. I used them for some time and am now all right." For sale by all dealers.

80 ACRES ON SANDRIDGE.

Here is a snap for some live wire, well improved; 7 acres in orchard mostly cherries; \$800 of truck will be marketed from this farm this season, much of it is now growing. Call and let me show what the place is doing, not what it has done.

The price is \$4,500.00 and it is worth it. You will say so too if you are in the market for this size place.

IF YOU WANT FARMS

I have a large list of farms in various parts of the country that are priced right and if interested call and I will be pleased to give you minute details and conduct you over them. You cannot afford to purchase until you look over my list.

CITY PROPERTY.

La Grande is some town, a real live one; a purchaser can always let go if he desires a change. This is demonstrated every day. I have sold 14 homes since July 1st, and have several customers who are just waiting to find something that just exactly suits them.

I have several homes in South La Grande that are close to Fourth street that has just been paved and will increase values in that section of the city. South La Grande is one of the most pleasant residence sections of our city in which to live. Prices are very low compared to what they will be two years hence. Remember this last statement.

VERY EASY TERMS.

I have property in every section of the city that I can offer as low as \$100 down and small monthly payments on the balance. There are many who are paying \$25 and more each month for rent that should investigate my listings.

Deputy Warden Hills also arrested, while at Mapleton, two foreign laborers, one charged with shooting a quail out of season and the other with carrying a gun without the necessary \$25 license required of all foreigners not naturalized.

Haines Raid a "Myth."

Baker City, Oregon, Aug. 29.—A story was circulated here yesterday to the effect that night before last Watchdog Kay of Governor West's moral squad swooped down on the city of Haines and arrested several proprietresses of disorderly houses. The story was laughed down by a well known Haines resident last evening, who, in commenting on the yarn, said in part:

"In the first place, there are no such houses there, and the story undoubtedly was given publicity from the fact that some people of our town suspect that the new marshal who was formerly a sheriff in Washington, in reality is one of the governor's agents. He made an arrest night before last, and I am sure that the story told in Baker had its origin there. Nothing to it at all."

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other forms of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

Brakeman Falls on Rail.

Seaside, Ore., Aug. 28.—On Monday as brakeman Andrew J. Remarkable Cure of Dysentery.

I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.
