◆ CANTALOUPE SPECIAL TODAY
◆ Local dealers are today hand-
◆ ling cantaloupes at a special Sat-
◆ urday sale price of six for a
◆ quarter. The plan is for today
◆ only and the demand for cantal-
◆ oupes at that price was heavy.

Enterprise, Sept. 13.—(Special)—

Scores of residents of the eastern part
of the county are gathering Innaha
fruit these days. A visitor to the riv-
er early this week counted more than
20 wagons driving along the canyon,
each containing a family or part of
one, bent on the double errand of
fruit gathering and a holiday trip.
The popular way is to go to the river
and camp there, picking and canning
fruit and fishing on the side. Owners
of the orchards provide camping places,
with stoves. Thus the fruit grow-
ers get their crop picked without hir-
ing help. Peaches, tomatoes, plums
and melons are at their best now. The
pears are not quite ripe and it is still
early for apples.

**ARISTOCRATIC BOVINES
BOUGHT BY J. J. HILL**

John C. Shaw is in receipt of a let-
ter from his brother, Thomas Shaw,
who is now in Europe purchasing
thorough-bred cattle for James J. Hill,
giving the information that many aris-
tocratic bovines will be added to Mr.
Hill's herd. The very best which can
be found across the water are being
selected, and the question of price is
not entering into the matter to any
great extent, as \$2,000 has been paid
for a bull, and others are being
bought at correspondingly high prices.

The letter states that twenty-eight
shorthorns and twelve Ayrshires have
been purchased, and that the writer
has visited many lands before buying
the shorthorns, as he was determined
to get only the best. He continues:
"I am positive that we have bought
the best herd of shorthorns that ever
left England. The average price for
them was \$800, and for the Ayrshires,
\$850. One of the bulls cost \$2,000, and
was a 4-year-old at that. No one can
tell me dual purpose cattle cannot be
bred. The highest priced cattle in
England are the dual shorthorns.
Many give 10,000 pounds of milk per
year, and at the same time produce
the best of beef steers. I have secured
twenty-two Oxfords and twenty-two
Shropshire sheep, and Mr. Hill has
cabled me to get three Angus bull,
and I am starting tonight for Aber-
deen, Scotland, to get them."

Before returning, Mr. Shaw will visit
Holland for the purpose of obtaining
a herd of Holsteins, and from there
will go to France to buy French dairy
cattle, a breed little known in this
country.

Mr. Shaw was for several years
head of the agricultural college at
Guelph, Ontario, and was afterward an
instructor in the University of Minne-
sota. He is the author of fifteen
works on agriculture, many of them
being used as text books in the dif-
ferent colleges, and is designated by
James J. Hill as one of the best—if not
the best—agriculturalist in America.
