Lost An Eye.

E. P. Gray, a carpenter from the Arkansas valley in Colorado, who has been working on the new building erected by Cock Brothers, was struck in the eye by a nail about two weeks ago and was forced to go to the hospital at Baker for treatment. After some delay the surgeon in charge decided to remove the eye-ball, which was done, and Mr. Gray has returned to Union. This was a bit of bad luck that has brought Mr. Gray the sympathy of many friends, who hope that he may have no further trouble.

ATHENIAN DEMOCRACY.

Our form of government does not enter into rivalry with the institutions of others. We do not copy our neighbors, but are an example to them. It is true that we are called a democracy, for the administration is in the hands of the many and not of the few. But, while the law secures equal justice to all alike in their private disputes, the claim of excellence is also recognized, and when a citizen is in any way distinguished he is preferred to the public service, not as a matter of privilege, but as the reward of merit. Neither is poverty a bar, but a man may benefit his country whatever be the obscurity of his condition.—Thucydides
