Eugene Telephone Headquarters.

Eugene, Or., Oct. 8.—Eugene is to be made the headquarters of a divi-

sion of the Pacific Telephone & Telegraph company, consisting of the counties of Lincoln, Benton, Linn, Lane, Douglas, Coos, Curry, Josephine, Jackson, Klamath and Lake in Oregon and the northern portion of Del Norte county in California. This action was taken by the executive officers of the telephone company because they believe that Eugene is the natural center of this division. C. P. Van Houtte, new district superintendent, who has been employed in a similar capacity at Walla Walla for several years, has arrived to take charge of the office.

PALPITATION OF THE HEART.

It is Usually Caused by Nervous or Digestive Troubles.

Palpitation is rarely if ever due to any disease or weakness of the heart. It is almost invariably the result of nervous or digestive trouble. The beat of the heart arises within itself. There are nerves in the muscles of the heart, and they regulate its beating, although the speed or rate of the beating is not of their choosing. If they were not held in check they would set a rate about double that which is actually maintained.

The heart is supplied from the brain with two pairs of regulating nerves. One pair, the cardio motor nerves, act only to spur up the heart to quicker action. They are usually inactive, waiting the occasion for applying the spur. The other pair, the cardio inhibitory nerves, are always in action. It has been said that the heart runs in a pair of tightly held reins, and the smile is true, for these nerves check the speed.

Fear, worry, disorder of the stomach or nervous system causes these cardio inhibitory nerves to relax; then the heart begins to race. There is nothing the matter with the heart itself, and no one need be alarmed about that organ just because it beats too rapidly. Its palpitation is due to a psychological or a physical cause, something that has caused the relaxation of the reins and allowed the cardio motor nerves to apply the spur.—New York World.

PAVILION IS CRAMMED.

(Continued from Page 1.)

of good things to eat the visitors come to what is the most natural thing to follow such a display, the soft, restful, quiet of a great corner filled with soft cushions that are most inviting to the weary. Beautiful exhib-

its of handiwork are piled here in wonderful color combination. The rest of this side of the house is taken up with one of the prettiest, largest and without doubt the best exhibit of embroidery and fancy work ever put on the shelves of a Union county fair.

Mrs. Rosenbaum is the lady who superintended the arranging of the art displays and the arrangement is perfect in every detail and great artistic skill is displayed in the various tables and booths which are found on all sides. The last counter is the display of cookery, fancy and plain, pies, cakes, cookies, doughnuts and candies are on exhibition and there is certain to be a very stuck-up judge if he must sample all these various household necessities, for one knows that a judge always gets a liberal sample.

Taking it all in all and a general summary of the exhibits it is safe to say that there is no spot on the entire ground which will be the recipient of so many repeated visits as the exhibit hall. The above enumeration of the tables was a starter to that which can be given now, when the Union, Cove, Imbler, Elgin and Summerville and all other surrounding towns are in with exhibits which they have prepared to help make this fair a success. To the la-

dies who have superintended and to those who have helped and given their time and attention the La Grande people and the Union county people ought to extend a vote of appreciation for never in the history of this county fair has the hall presented such a striking exhibit and such a restful and quiet interior as it does this year. Every department head which has had anything to do with the exhibiting has work in co-operation with the other heads of departments and the whole has brought about the striking effect noted, which will mark the 1913 Union county fair as one of the greatest in the annals of the city.

Said a booster today, let us all be optimistic and hope for bright sunshine the rest of the week and if the sunshine is not forthcoming don't go about with hanging head and grumbling lips but smile and put on your "slicker", disregard your hat, ladies, and splash along through the wet and live up to your reputation of a "web-foot" and have a good time at the fair anyway.
