

THE Gossard CORSETS

They lace in front—as a result the abdomen is relieved of all pressure. Support is given to the organs and deep breathing is encouraged. They emphasize the long graceful line of the back, which artists agree is the most beautiful line in art.

They gently but surely compel a correct standing position and a graceful carriage. I invite you to investigate these wonderful corsets.

A trial fitting will please you. Prices \$3.50 to \$8.50.

A complete line always on hand of the different models and styles.

MRS. ROBERT PATTON, Corsetiere.

Phone Red 3221. Res. 1702 Corner Spring and Oak.

Avoid Sedative Cough Medicine.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

\$500 Lots for \$250

In order to close out a number of lots by October 20th, I have decided to offer your choice of improved lots in Connordale for \$250. These lots are choicely located and have sold on the market for \$500. They are bargains and now is the time to get them. Remember, this only lasts until October 20th. This addition is close in proximity and finest addition ever put on the market between Portland and Salt Lake.

Rheumatic Blood is Whole Story

Sciatica, Lumbago, and other Rheumatic Diseases Cured.

You Will Feel Like an Acrobat After Using S. S. S.

Rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative antidote. There is but one standard rheumatism remedy, and is sold in all drug stores under the name of S. S. S. Attempts are often made to sell something claimed to be "just as good." Insist positively you will have nothing but S. S. S. It contains only pure vegetable elements and is absolutely free of mercury, iodide of potash or arsenic. The recoveries of all types of rheumatism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifically, and just as well ordered as the most acceptable, most palatable, and most readily digested food. Do not fail to get a bottle of S. S. S. today. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a specialist, write to the medical department, The Swift Specific Co., 220 Swift Bldg., Atlanta, Ga.

LOCALS WIN AGAINST UNION

TWO MISPLAYS RESULT IN TOUCHDOWNS.

Conkey Boots Ball Over Bar—Smooth Teamwork Lacking.

La Grande won her first football game of the season, Saturday, when she conquered Union high 17 to 6. The county capitolists managed to run up a total of points sufficient to win through goals scored off Union by favorable "breaks" and by a well-directed place kick. One touchdown came on an intercepted forward pass, Conkey scoring, one came from a fumble which Garrity picked up behind Union's line and ran for a touchdown, and the pretty place kick. Union's touchdown was made by straight football.

In the first quarter La Grande won the toss and kicked off to Union who failed to make yardage and punted to Hunter who made a splendid return. La Grande made yardage on straight football and then lost the ball on an incompleting forward pass on top of the goal line. Union punted and Proctor returned. Fumbles by La Grande gave Union the ball in the middle of the field.

The second quarter opened when Union failed to make yardage and punted. Line backs by Huff and Proctor and a forward pass, Garrity to Conkey, put the ball on Union's 10 yard line. A fumble by La Grande's backs was recovered by Union who punted out from behind her goal line. La Grande tried three plays and then sent Conkey back for the place kick play and the oval skimmed true between the goal posts after going 30 yards. La Grande kicked off to Union and the half ended.

In the third quarter Union kicked to La Grande who failed to make yardage and had to punt. Union attempted a forward pass which Conkey intercepted and ran through a scattered field for a touchdown and then kicked goal. La Grande kicked to Union who failed to make yardage and after an exchange of punts, Union fumbled and Garrity picked up the ball and sprinted 30 yards for a touchdown. Conkey missed goal, La Grande kicked off to Union, who made yardage for the first time.

In the fourth quarter the Union aggregation showed its best caliber. The heavy backs pierced La Grande's line for yardage four times in succession and put the ball over for a touchdown. Union kicked off to La Grande and the latter started a march down the field which was halted by the final whistle.

Notes of the Game.

Union entertained splendidly and showed that the citizens are even ahead of La Grande in regard to attendance. The Union band was in attendance and furnished music throughout the game. This is something new for high schools and Union showed splendid spirit.

There wasn't an accident of any kind to mar the game. The rooters on both sides showed good spirit too. Real serpentine were given between halves. Jim Dobbin, O. A. C. star end of recent fame, refereed and worked harder than the players. He handled the game as well as any conference college game has been handled and there was not a disputed decision during the whole game.

Time was taken out but once during the game—something unusual in a football contest, but shows the cleanliness of the play.

Conkey, Garrity, Huff, Proctor, Hunter and Rosenbaum all made runs of from 10 to 25 yards.

La Grande should have had another touchdown but for the tendency of the backs to carry the ball like they would tote a pumpkin. This tendency resulted in fumbles.

The locals showed flashes of fine team work, but not consistently. Most of the men did excellent work individually but did not work with each other. The reasons for this might have been that out of the eleven men, Leffel and Andrews were the only ones who have played in the first team in the positions they played in at Union.

Westering and Proctor had their first experience in scholastic football,

the former the first of his life in any game.

Captain Couch expects to be out in a suit this week and will help the back field.

Union will play a return game here Thanksgiving and in all probabilities this will decide the county championship.

AN OLD INDIAN LEGEND.

The incidents That Led Up to the Naming of Peughkeepsie.

During the days when the Indians still held sway on the banks of the Hudson there was a fierce battle between the Delaware and the Pequot tribes. The former won, and among their captives was a handsome young Pequot brave. He was offered his life if he would swear allegiance to the Delaware and be branded with their tribal mark—the turtle. He refused, and preparations were then made to kill him. As his enemies were on the point of doing this a young Indian girl broke into the circle and begged for his life. She had at one time been a Pequot, but had been captured by the Delaware and forced to join their tribe. Her appeals were so touching that the warriors were debating the matter when the party was attacked by still another enemy, the Huron Indians. In the excitement the girl cut her lover's bonds, but the two found themselves in the midst of a fierce battle and eventually became separated. The young warrior escaped, but the girl was captured by a Huron chief.

Determined to rescue her at any cost, the Pequot brave disguised himself as a medicine man and entered the camp of the Hurons. By some pretext he gained admission to the tent where the girl was kept prisoner, and late at night they managed to escape in the darkness. Their flight was soon discovered and pursuit began, but the young couple reached the river far enough in advance of their pursuers to embark in a canoe and push off from shore. They were still followed, but the warrior was young and strong and succeeded in getting his little craft safely into a cove at the junction of the great river and a little stream entering into it between two high, protecting banks, where they hid, and later found a friendly tribe.

Rejoicing that the place had been a "safe harbor" for the girl and her lover in time of peril, it was so designated in the Pequot tongue, the Indian equivalent being "Apa-keep-sieck." Today, after having filtered through the Dutch and English tongues, it is known as Poughkeepsie.—Ladies' Home Journal.

PRAYER.

Prayer gives human weakness with divine strength, turns human folly into heavenly wisdom and gives to troubled mortals the peace of God.—Spurgeon.

All manner of good deeds, good examples, religious forms and institutions—all these, in their different ways, go to swell the current of our good thoughts. But still to us Christians there are two sources, two springs more especially sacred and important, and these are the fountains of morning and evening prayer.—Dean Stanley.

Yes, every morning as day breaks over Olivet The holy name of Allah comes from every minaret. At every eve the mellow call floats on the quiet air: "Lo, God is God: Before him come, before him come, for prayer!" —John Pierpont.

Portugal is essentially an agricultural country, and its prosperity depends in a large measure on the success or failure of its harvest. Its continental area is about 35,490 square miles, of which 56.87 per cent is under cultivation. Of a total population of 5,423,132 the rural inhabitants number 3,288,782.

The Duke of Abruzzi, who has been appointed to the supreme command of the Italian fleet, until recently held the rank of captain. He is known as an explorer and mountain climber. In 1891 he made the ascent of Mount St. Elias. His polar expedition took him nearer to the north pole than had been accomplished up to that time. On this trip the venturesome young Italian reached a latitude of 86 degrees 33 minutes.

Professor Charles H. Marvin, recently appointed chief of the government weather bureau, is fifty-five years old and has been in the service of the weather bureau since 1884. He has invented a number of instruments in use at weather stations, including an apparatus for measuring and automatically recording rainfall, snowfall, sunshine, atmospheric pressure and evaporation. Until his recent promotion he was professor of meteorology in the United States weather bureau.
