**BAKERY ADDS
TO ITS PLANT**

DUTLI BAKERY TO HAVE MODERN CONVENIENCE.

Reduction of Cost of Operation and Added Cleanliness, Features.

Fred Dutli, owner of the Dutli bakery, is making some extensive and expensive improvements on his place just north of the track on Fir street. Mr. Dutli realizes that La Grande is going to be a bigger place in the near future and to keep pace with the rapid advancement of the city is installing one of the most modern bakery plants in eastern Oregon. The main improvement consists in the installation of the most modern baking plant on the market. The new oven is 17.4 by 16 feet and will have capacity of from five to seven thousand loaves per day, not counting cakes and cookies, which will be baked in this oven. The oven is a new one, having been patented just recently. Two of this same type of oven were installed by the state in the insane asylum at Pendleton by the same man who is installing the one for the local baker, and they have proven superior to the best.

The old style of oven necessitated a system of rods running through the baking compartment proper, but the new invention has done away with this arrangement. Another feature that will make for cleanliness is the fact that the fire is not built in the oven itself but underneath the oven. Heretofore the fire had to be scraped out of the oven before the dough could be placed in it.

The cost for heating the new device will be reduced to a minimum, inasmuch as oil will heat it for something like 30 cents a day, with a slightly higher cost for wood. The entire interior of the store will be rearranged to make room for the constantly increasing trade, and also to make room for a modern, up to date bakery lunch department. Mr. Dutli ably assisted by his genial wife, will, just as soon as the fixtures have been installed, hold an opening day for their many patrons. Mr. Dutli had this to say concerning his new improvements: "I intend to make the very best coffee in the city and serve the public with the best and the cleanest baked goods to be had in this part of the state." The improvements will cost in the neighborhood of \$2000. The new oven is being installed by the Peters Oven company of Portland.

**MEAT CAUSE OF
KIDNEY TROUBLE**

Take Salts to Flush Kidneys If Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief now or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot in-

jure and makes a delightful effervescent lithia-water drink.

A Freak.
Joe McElroy killed a chicken on his place Thursday morning that contained a curio. From the gizzard extended a left foot quite perfect and with the nails in the end of the claws. It is evident that there was life in the foot which is perfect to the first joint, till the chicken was killed. This is the first sample of leg growing from an internal organ.—Union Scout.

Coffee.
It's for enjoyment and comfort. Without that, drop it.—But what you can get out of fine coffee is worth going after.

Schilling's Best is fine coffee, with all its rich flavor and fragrance carefully preserved in aroma-tight cans.

Cleanly granulated, 1-lb., 2-lb. and 2½-lb. cans, 40c a lb.—moneyback.

Arrested for Killing Doe.
Because they shot a doe and fawn, contrary to the game laws, three Indians, James Billy, Joseph Hunt and Johnson Barnhart, were arrested last week by District Warden E. F. Averill near Granite Meadows and Billy and Hunt were arraigned this morning before Justice of the Peace McReynolds. They pleaded guilty and will be sentenced on November 5 on which date Barnhart will appear for arraignment.

The three Indians killed five deer in two days but the fawn and its mother were the only females. The other three were big bucks. When arrested, the Indians had the deer in their possession.—Pendleton East Oregonian.
