THRESHING IS NEAR THE END

LADD CANYON HUNTERS OFF AFTER DEER.

Ladd Canyon News and Personal Matters of Interest.

Ladd Canyon, Or., Oct. 27.—(Special)—Banton & Company's threshing machine has reached this neighborhood and unless it rains too hard, will do their final threshing before many days have elapsed.

James Mulholland and Dave Ellsworth left yesterday morning on a deer hunt. They will camp in the Fuller cabin up in Ladd Canyon, and will probably remain up there until the first of next month. It is evident that these men will get the deer if there is any to be found as they are good hunters.

W. C. T. U. IN SESSION. World Convention Meets in New York Today.

New York, Oct. 24—Reports of the committees showing the results of a world movement against intemperance, and a large increase in membership, were the important matters discussed at today's sessions of the World's convention of the Women's Christian Temperance Union, which convened here yesterday to remain in session six days. Another important feature of today's meetings was discussion of the successful campaign for membership and the fight against the spread of the sale of intoxicating liquor in New Zealand and Australia. The 500 delegates today informally discussed a world-wide campaign which, if plans do not miscarry, will be instituted in every country in the world where liquors are sold, some time during the ensuing year. This fight will be carried into more than fifty countries and nations.

ALIEN WIVES ARE CITIZENS

ATTORNEY GENERAL HOLDS THEY CAN VOTE.

Decision of Local Interest Handed Down by Attorney General.

That local officials were in error when on advice of local attorneys they refused to let La Grande alien women who were wives of citizens register at the city charter election is apparent from the following opinion by Attorney General Crawford:

Attorney General Crawford today held that a married woman, although not naturalized, is vested with the right of suffrage if her husband is naturalized or is a native citizen. The opinion was the result of numerous letters having been received by Mr. Crawford on the subject.

"The naturalization laws of the United States," said the attorney general, "provide that when a woman becomes the wife of a citizen her civil status becomes the same as that of her husband. Therefore in this state she is entitled to vote. An alien woman who marries a citizen cannot take out naturalization papers, but must follow the status of her husband. Of course, in order to vote these women have to register and conform to other minor requirements the same as men."

Attorney General Crawford also held that under the state constitution an alien who makes his declaration to become a citizen before a circuit judge one year before an election is entitled to vote at that election.

Suicides Increasing.

Vienna, Oct. 24.—"The first few years of the twentieth century indicate that it will attain to the doubtful fame and characterization of the "suicide century" declared Horinz Wortmann, secretary of the Voluntary Rescue Society, at the second International congress of rescue workers which has just come to close here. Wortmann declared that statistics from all parts of the world showed an appalling increase of suicides and suicidal attempts.

Avoid Sedative Cough Medicine.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.
