Despondency Due to Indigestion.
It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa.: "For years my digestion was so poor that I could only eat the lightest foods. I tried every thing that I heard of to get relief, but not until about a year ago when I saw Chamberlains Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.

THE Gossard CORSETS

They lace in front—as a result the abdomen is relieved of all pressure. Support is given to the organs and deep breathing is encouraged. They emphasize the long graceful line of the back, which artists agree is the most beautiful line in art. They gently but surely compel a correct standing position and a graceful carriage. I invite you to investigate these wonderful corsets. A trial fitting will please you. Prices \$3.50 to \$8.50. A complete line always on hand of the different models and styles. **MRS. ROBERT PATTON.** Corsetiers. Phone Red 3221. Res. 1702 Corner Spring and Oak.

"THE WOLF" COMES TO ARCADE THEATRE NEXT WEEK FRIDAY

Next Friday evening at the Arcade promises to be a notable event, the occasion being the presentation in this city of "The Wolf" the play that set all Chicago talking for more than six months, during its run in that city at

the Chicago Opera house, and also held New York spellbound for nearly a year at the Lyric theatre. "The Wolf" is from the pen of Eugene Walter, author of several dramas, but it is so different from the

usual run of plays that it leaves a distinct impression of its own on the mind of the spectator. The story and theme are new. There is an abundance of bright dialogue, droll humor, and the pathos and sentiment of the play

are not of the artificial sort. The stage settings are remarkably elaborate and many of the scenes are so well managed as to receive hearty applause. The engagement of "The Wolf" promises to be a record breaker.

Motors Crossing Desert.
Phoenix, Ariz., Nov. 3.—Only indirect word was heard here today from the motorcyclists who today are well on their way on their race across the desert. The run is from San Diego to Phoenix and was planned to be held in conjunction with the Arizona State fair week program which is on in full swing today. The motorcyclists left San Diego yesterday. If the cyclists complete the run it will be the first time that motorcyclists have ever crossed the desert.
Saved His Foot.
H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. Doctor advised amputation, but he refused and reluctantly tried Bucklins Arnica Salve as a last resort. APPLE SHOW TO HEAR BIG APPLE PROBLEMS TALKED

Spokane, Wash., Nov. 3.—To the Growers' conferences at the apple show in Spokane next month the United States department of agriculture has detailed two of its experts, who will participate in the discussions on "Storage and Handling Fruit for Market." A. W. McKay and S. S. Pratt are the men chosen.
H. C. Sampson, chairman of the committee arranging the series of conferences, which will continue throughout the entire week of the show, commencing Nov. 17, has the tentative program arranged.
"The Standardization of Box Apples," will be the subject under the leadership of E. H. Shepard, editor of Better Fruit, Hood River Ore. He is chairman of the committee of the International Apple Shippers' association, which will meet in Spokane that week. It includes H. M. Gilgert, Toppenish; C. J. Tyson, Floradale, Fla.; A. L. Howe, Nashville, Tenn. and S. Segari, New Orleans. C. E. Whistler of Medford, Ore., will be a speaker on this general subject.
"The utilization of the lower grades in by-products" will be let by Professor C. I. Lewis of the Oregon Agricultural College. In the discussion many of the managers of big north-west by-product organizations will participate, including W. S. Brown, Corvallis, Ore.; J. O. Holt, manager of the Eugene Fruit Growers' association, Eugene, Ore.; George H. Tinker, manager of the Benton County Fruit

Growers' association, Corvallis; W. H. Paulhamus of Sumner and the managers of plants at Elberton, North Yakima, Wenatchee and Lewiston.
C. R. Greisen, industrial superintendent of the apple show, has gone to San Francisco to interest manufacturers of by-product machinery in making big exhibits.
"Financing the fruit crop" will be led by T. H. Brewer, president of the Fidelity National bank, of Spokane, with bankers generally taking part in the discussion.
"Co-operative marketing" will be discussed, probably by G. Harold Powell, manager of the California Fruit exchange. Hector McPherson of the Oregon Agricultural College, who was abroad with the national commission, will give an illustrated lecture on "Cooperative marketing in Europe."
"The care of orchards" will be discussed by the agricultural college experts and in addition to the conferences, these men will maintain a regular council room, where growers can get much expert advice that will be of benefit to their individual cases.
Hundreds of growers of the north-west are planning to attend the conferences. Spokane district is sure to be well represented, as Orris Dorman, manager of the Spokane Fruit Growers' company, the cooperative marketing organization affiliated as sub-central with the North Pacific Fruit Distributors, has written to the one thousand growers of his company,

urging the importance of the meeting and asking their attendance.
