

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

SCHOOLS HAVE ACTIVE WEEK

BOTANY CLASS PRIES INTO LICHEN MYSTERY.

Basketball Practice Starts—School Notes of Interest.

(By Ralph Winters.)

Basket ball season has started now and practice has been carried on every night this week. The L. H. S. has turned out some fairly good teams in the past, and the boys express their determination to have even a better one this year, by turning out for practice so early.

The Botany class went for a field trip Monday for the purpose of studying lichens and their influence upon soil formation.

The Boys' Glee club held their second meeting at the home of Robert Patterson Monday evening, running over several new songs in preparation for a program to be given some time in January.

At the assembly Monday morning Superintendent Girdler called a mind the coming of the teachers' Institute, to be held in La Grande November 26, 27 and 28, asking the students to help in getting rooms among the homes, as the number to be had in the hotels and rooming houses were not sufficient to accommodate all the teachers.

The G. A. A. have decided to give a big Thanksgiving spread the Friday before Thanksgiving to the girls of the high school.

The second and third years in classes have united for social purposes and formed one Latin club. The officers elected were: President, Katherine Riddle; vice-president, Helen Pierce; secretary and treasurer, Helen McDonald. The club colours are violet and white.

The physiology class is now studying the anatomy of a cat, under the direction of Professor Maris. The request is made that those who have undesirable cats around and wish them sacrificed to the cause of education, to please notify Professor Maris, as up-to-date cat catching apparatus is possessed by him.

Yell Leader Lester Stoddard had several new yells printed and distributed among the students to learn for the game Friday.

Mrs. M. E. Nibley, 2106 Third St., La Grande, Ore., says "My back ached and I had severe pains through my right side. I was all crippled up and I found it hard to do my housework. One of my relatives had used Doan's Kidney Pills and advised me to try them. Two boxes drove away the aches and pains, and there has been no return of the trouble. Everything I said about Doan's Kidney Pills when I recommended them before, I willingly confirm now."
