GOLDEN ROD OATS

Here's the reason: Oregon oats weigh 36 to 40 pounds a bushel, and other oats weigh only 27 to 32 pounds per bushel—all of which means that exactly that much more meat and the nutritive qualities of oat are found in Golden Rod Oats. They are more quickly and more easily prepared, too.

DONT LET YOUR HAIR SPECIAL YOUR GOOD LOOKS

Take the right care of your hair, and instead of spoiling your good looks, it will improve them. You can't beautify your hair with barettes, ribbons and such things. Knick-knacks make homely hair look even worse, because the contrast shows off its ugliness to greater effect.

If you want beautiful hair—soft, silky, lustrous and glossy—use Harmony Hair Beautifier, a dainty, liquid hair dressing. Use it also if you want your hair to go into place—in wavy, graceful fashion—more easily, and stay where you put it. It overcomes the unpleasant, oily odor with a delightful rose fragrance. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair. To keep hair and scalp dandruff free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations, come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Revall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Hill Drug Store.

A Mouse and a Candle.
At the end of the bathing season a few years ago a candle was left on the mantelpiece of a family in Poulgueu, France. When they returned the next spring they found, according to La Nature, that a mouse had done those things:

Climbed somehow a marble chimney piece, there being no piece of furniture near enough to leap from and no way of descending from above.

Climbed the candlestick itself, which was of highly polished silver, over ten inches high, with a broad flare at the top.

Climbed the candle, began eating at the top, eating evenly all round down to the base, leaving the bare wick standing perfectly straight.

If the mouse had begun at the base of the candle its weight would have caused it to topple over. It must have taken the mouse a good many days to eat the candle down to the bottom.

than now. As you know, the lumber fit for milling is getting scarcer every year. Then why not begin building now and take advantage of the present market? Later on you will regret it. We have full supplies for high-grade lumber for both exterior and interior construction.
