If you have never used Electric Lights, you cannot fully appreciate their superiority; if you have always used them, you are apt to accept them as a matter of course; but if you have used them and then, for some reason, are forced to do without them—THEN you will realize how much their brilliance and convenience meant to you. You needn't do without them in La Grande, however; for our service reaches everywhere, and our rates place Electric Light within the means of all.
