What Sense

Is there in selecting your physician carefully and then going to "any old place" to get the medicine he prescribes? No matter how good the doctor, his success in any case depends largely on the honesty and care with which the prescription is compounded.

Ask Him

He'll tell you the same thing. Our prescription service is as near perfection as utmost honesty, exact methods and pure standardized ingredients can make it. Prices are lowest consistent with quality. We treat your prescription right when you come to

GOVERNOR WARNS BAKER

THREAT TO CLEAN UP MINING TOWN MADE

Sleuths Have Unearthed Evidence Against Officials in Charge

Baker, Nov. 13.—(Special)—Just whether or not Governor West contemplates swooping down on Baker for the purpose of "cleaning up" the city, or whether he merely wishes to let them know that he is very "wise" on local conditions, the authorities here are uncertain. Be that as it may, District Attorney Godwin and Chief of Police Riley yesterday received letters from His Excellency enclosing a portion of the report from one of the governor, has been nosing around the confines of our municipality to see what he could see, which was considerable, if his report to Oswald was correct. He refers to the "open restricted district," saloons "that close the front door at midnight Saturday night and leave the back door open," and a cafe "where young girls of 15 or 16 assemble and drink liquor."

IF you have never used Electric Lights, you cannot fully appreciate their superiority; if you have always used them, you are apt to accept them as a matter of course; but if you have used them and then, for some reason, are forced to do without them--THEN you will realize how much their brilliance and convenience meant to you. You needn't do without them in La Grande, however, for our service reaches everywhere, and our rates place Electric Light within the means of all.
