The front-lacing principle (originated by The H. W. Gossard Co.) has accomplished much for the comfort and convenience of woman's dress.

Of even greater importance than front lacing, however, has been the genius displayed in the actual designing and making of Gossard Corsets.

So outstanding and thorough has been this work that, great as the front lacing principle is, the Gossard method of design and manufacture transcends it, and the two combined occupy a position so commanding that they are now regarded as an international vogue.

Regardless of the cost—every Gossard Corset conforms to but one standard in style, workmanship and wearing service.

A complete line of the new fall models and sizes always on hand. Prices \$3.50 to \$8.50.
