

Every Since 1890 the People of La Grande and Grande Ronde Valley Have During Holidays Bought Presents at Our Store.

The reason for this is our persistent effort from the lime we started in business to buy our stock right so we could sell at prices that would save our customers money. Proof of general appreciation is shown by our increasing business each year. We carry no Jewelry, Watches or Diamonds that we do not stand behind with our guarantee and reputation.

The Largest Stock of
**Diamonds, Watches, Clocks
Jewelry and Silverware in
Eastern Oregon.**

We buy Diamonds direct from the cutter. You save the Jobbers profit by buying from us. Our Silverwear is not confined to one particular line. We carry a full stock from several of the best houses in the United States.

Established 1890. **J. H. Peare & Son** Established 1890. **La Grande's Leading Jeweler**

We Deem it a Pleasure to Show You Goods. Call and be convinced that we can Save You Money

HIGH SCHOOL BOY TURNS OUT PRODUCT OF SAW AND PLANE.

Gregg Students Form Class—Other Notes of High School.

The first program to be given by either one of the two literary societies will be given by the Senior-Freshmen Monday afternoon, December 15. The following numbers will be rendered: Solo, Bessie Atkinson; Reading, Friedrika Schilke; Chalk talk, Percy Melville; solo, Blanche Black; reading, Grace Perkins; duet, Prof. Marice and Glenn Conkey; current events, Leon Adams; piano solo, Frank Clark; reading, Bessie Stoddard; duet, David Johnson and Albert Strong; reading, Mildred Bush; piano duet, Marie Bolton and Lucille Mulkey.

The first basketball game of the

season was played between the juniors and freshmen Friday, the 12. On Tuesday of next week will come the senior-sophomore game, and the finals will be played January 6th.

Out of some 250 different names submitted by the students, "The Student Life" was selected as a fitting name for the high school paper. All material for the first issue was handed in Thursday and it is expected that the first of next week will see "The Student Life" in the hands of all citizens to be of La Grande. Gilbert Hunter resigned his position on The Student Lift staff as athletic editor and Merton Westering will step into that vacancy.

A class in writing has recently been organized by Prof. Harris, head of the commercial department. This class which already has a membership of 15 has adopted the Palmer method and meets every morning from 8:30 to 9 o'clock.

A local "Order of Gregg Artists" has been formed in the high school. It is a somewhat select clan, in that only those who are regularly admitted students of shorthand and have passed certain requirements, are admitted as members. The emblem of this order is a triangle containing the three letters O. G. A., which stands for theory, accuracy and beauty.

Several new tables and electric plates have recently been added to the equipment of the domestic science department, thus making that section of high school training decidedly more efficient. Also a change has been made in the location of the range, that of putting it in a position more equally attainable from all tables.

The advanced class in domestic science completed a lesson in the making of cream puffs. The results were very satisfactory, as can be attested to by the writer.

A serving table, the first piece of individual workmanship to be made in the manual training department, has just been completed by Walter Young.

The eighth grade boys in manual training are working on book stalls and necktie holders at present.

Lloyd Chandler has been compelled to quit school on account of weak eyes. Lawrence Evans, sophomore, entered school the first of the week and is

taking a course in commercialism.

The Senior-Freshmen society met Friday afternoon at the eighth period in a business session, in which the constitution was adopted. Art. I says that the name shall be "Am-

phictyons which means "neighbors."

The object of this society as stated in Art. II—"shall be to benefit the student body by (1) promoting literary pursuits in the high school; (2) by furthering social enjoyments in the way of entertainments, and (3)

by securing training in parliamentary practice." Under the heads of the societies, debating teams will be formed, and of these the two winning teams shall be formed to represent the high school.

A pile remedy that is entirely dif-

ferent from anything else, used both externally and internally, acting on the blood as well as on the disease, a remedy without a superior. It is Meritol Pile Remedy, made and guaranteed by the American Drug and Press Association. Newlin Drug Co.

SUGAR ADDITION

LAND IS BEST OLD-AGE INSURANCE. You never heard of a property owner who had to be supported by his children. **GO OUT AND GET A BIT OF LAND.** The only thing it will keep you out of is the poor house. People who own property can't get in there. You never knew a man with a corner lot being supported by the state. The man without any property, even has to obey the will of his own children, but when he owns property, his children begin worrying about his will. So get a little will of your own today—a little will power—a little insurance against the coming of old age. **COME AND BUY SOME PROPERTY AND LET IT WORK FOR YOU.** Whether you have a hundred dollars or a thousand, you can be a property owner now—a man with a life insurance that will beat all the endowment policies ever made. Do you know that people who work for money seldom accumulate any money? Do you know that the only people who ever get rich are the people who make their money work for them? Do you know what the one absolutely safe investment in all the world is? It's what the richest man in town keeps buying, buying, buying, year after year, with every surplus dollar he can get hold of—**REAL ESTATE**, of course. It's the only thing that can not burn up, dry up, blow up or run away. Now take that hundred dollars of yours, or that five hundred, and put it now into the one absolutely safe investment on earth. Ask any man who isn't worrying about where his next month's rent is coming from. Today the poorest man who digs in a ditch can have a bit of land to call his own. It may be only 25x100 feet, but he can have it for his own, and it will grow in value for him every day he has possession of it. Get some land now. Get more than enough to bury you in. Become a property holder in your own name. Now we have 36 lots that we are going to sell at a bargain and on the very best of terms. These lots range in price from one hundred dollars to two hundred, and will be sold on terms of ten dollars down and five or ten dollars each month, as desired; a liberal discount will be made for cash. On this tract are two modern six room houses with lots 50x113 feet, that we will sell at \$1,500 each, with a small payment down and monthly payments on the balance. This land is only a short distance from the park. These lots are all 50x113 feet with a 16-foot alley. Now you young men who are working and can spare five dollars each month, come in and let us show these lots, buy one and see what a nice little savings bank you will have in a couple of years. We handle all kinds of Real Estate, City Lots, Acreage, and all kinds of small tracts, from one to twenty acres, also Ranches of all descriptions on all kinds of terms. We also write Fire, Life and Accident Insurance. Houses for rent, rent collected for non-residents, money to loan on good farm security. Come in and see what we have and let us tell you about it. We will refer you to any Bank or Business Man in La Grande as to our reliability.

C. J. BLACK C. J. Black & Company. J. W. BUSH

Who will sell you what you want or help you sell what you have—In fact we will sell you the earth and loan you the money to buy it with.

How's your sole Need Fixin

Bring it to us, we'll fix it while you wait. With our modern plant we are turning out a class of work that's different. Turn shoes a specialty.
