IF you have never used Electric Lights, you cannot fully appreciate their superority; if you have always used them, you are apt to accept them as a matter of course; but if you have used them and then, for some reason, areforced to do without them--THEN you will realize how much their brilliance and convenience meant to you,

You needn't do without them in La Grande, however, for our service reaches everywhere, and our rates place Electric Light within the means of all.

If any building erected in La Grande this year by an out-of-town contractor, got the hump on it that the Bohnenkamp building has, don't patronize home folks.

MARKET FULL OF GOOD EATS

EVERY KNOWN DELICACY IS IN THE LOCAL MARKET.

Charity Dispensations Will Add to the Good Cheer.

Never have local markets put on a better holiday appearance. The show windows fairly groan with Christmas goodies and the shelves are loaded with the choicest canned goods that can be had. To notice the green stuff displayed on the counters one would think that the spring season for green onions and little radishes had just begun. Never has the supply been of better grade or of larger variety than now. The Christmas dinner in La Grande will not lack for the things which go to make decorations and fixin's. A steadiness in the prices and a firm demand keeps the choicest table delicacies within the reach of all. From the butchers comes word that the supply of fowls will be plenty large enough to go around and there will be lots left over for New Years.

It is the best present you can give a boy. It will teach him the habit of saving and he will thank you in after years for starting him on the road to fortune. You can open it with so little as a dollar, but whatever the sum is, it will help the boy more than anything else you can offer him.

LUMBER WILL NEVER BE CHEAPER.

Charity Begins At Home

There will doubtless be a few families who will spend enough money this Christmas, on friends and and near friends under the mock disguise of duty to make the first payment on a home.

Do you realize how rapidly La Grande is becoming a city of homes. Look about you, you can count a dozen or more of your friends who only a few years ago were tennants.

Don't chill the home getting germ, let it develope and start the new year right. La Grande is not booming but it has a steady substantianl growth. Lots are worth double to day what they were three years ago in many sections of this city.

While we have been recognized for years as the pay roll city, our payrolls have annually increased with our growth.

An investment in a La Grande home means a profit, not a loss.

I have several choice properties that are priced right and much of it on very reasonable terms. No excuse for paying rent year after year. You could have bought several years ago. Paying for a home is a pleasure not a burden.
