

When the Present Foley Hotel Building Was Built It Marked An Epoch In Eastern Oregon De- velopment.

In those days many questioned the judgment used in erecting a steam heated hotel building in La Grande. But it was only a short time until all plainly saw its need and were proud of it.

Throughout the years that have followed the Foley hotel has ever tried hard to care for its trade in a first class manner and the business it has enjoyed convinces the management of the public's appreciation.

Before the year 1914 will have closed it is expected that the new eight-story Foley hotel will be well under construction and that structure will also mark an epoch in the fast developing country and the remarkable growth of La Grande.

During the Holiday season now on we wish to extend a most hospitable invitation to our Grill where, besides an exquisite menu, we insure the choicest of the season's merriment. Open every night.

THE FOLEY HOTEL
