Big Ben Says:

YOUR Competitors are saying "they can't buy the goods for the price." We might answer, what do you care, but we wont. We're going to be frank and admit that on some of the goods offered during our half hour specials we do lose money. Instead of giving the newspapers all the money we spend for advertising we are giving our customers some of it in this way--and to pay them for their trouble and time spent in coming to the store. We want you to see the hundreds of other good bargains we have to offer--they are on display all over the store--so, when you come to get some of the things on which you KNOW YOU CAN SAVE MONEY. Be sure and take plenty of time to look over the other bargains. It will pay you.
