

LOCAL BREVITIES.

Sam Saites and John Pullos announce to the public that they have opened a modern and complete pool and billiard parlor at 1116 Jefferson Ave. They will also sell cigars, smoker's articles, candies and sodas. They solicit your trade. Ad-3t.

C. R. Eberhard came up from La Grande yesterday to appear before Judge Knowles and argue the matter of costs in the suit of Aaron Wade against the Amalgamated Sugar company. It is expected an appeal will be taken to the supreme court as was done after the verdict in the first trial. Mr. Eberhard or his partner George T. Cochran will go to Portland the first of next week to argue the case of Prof. L. F. Anderson against the six ditch companies that put in the dam at the lake. The defense has made a motion to dismiss the case, which will come up either Monday, Jan. 19, or Jan. 26.—Enterprise Record-Chief-tain.

The Streets of New York, in four parts, at the Arcade tonight. 1-19,1t

The Evening Observer on sale at Newlin's Book Store.

Hot dry air at 72 degrees in a room will cause to the occupant a chilly, uncomfortable feeling, while the same room at a temperature of 62 degrees with proper humidity and plenty of fresh air will be pleasanter and more healthful, besides there is economy in the fuel, consumed. People shut up in steam heated rooms soon become nervous and irritable. One of the most common results from a steam heated apartment is nasal catarrh. The air must be distributed about the room so persons in every part of the house may receive good air. The warm air furnace system properly installed, is at present the only available system for the proper heating and ventilating of a home. A Torrid Zone Warm Air Furnace will fill all requirements.

SUBMARINE STILL LOST

No Hopes of Finding Men Alive in Craft Equipped For Short Dive.

Plymouth, England, Jan. 19.—The search for the submarine A-7, was resumed in an effort to locate the craft that had gone to the bottom of the sea during maneuvers here three days ago. It is feared the war craft has been swallowed up by the quicksands.

All hope of finding the men alive has been given up, because the equipment was prepared to keep them alive only twelve hours.

SPOKANE MAN NOT FOUND

Constant Search Kept Up, But No Trace—Foul Play Feared.

Santa Barbara, Cal., Jan. 19.—No trace has been found of the Spokane capitalist who disappeared Friday night after escorting his wife to the railway station, where she boarded a train for San Francisco. Upon receiving the news she immediately started back for Spokane and is grief stricken.

The beach patrols that were established last Saturday have been continued.

FLORA TO HAVE BANK

E. L. Gosch Is Organizing Institution in Northern Part of Wallowa.

A state bank is being organized at Flora, according to word received from there. E. L. Gosch is organizing the bank. Mr. Gosch and family are recent arrivals from the middle west. It is understood a large majority of the stock is being taken up by people living in Flora and vicinity.

Town Manager Idea Grows.

Dallas, Tex., Jan. 19.—Residents of a dozen or more Texas towns and cities today started a campaign to have the manager plan similar to that adopted in Dayton, Ohio, established. The movement, while not generally systematized is spreading throughout the Lone Star State and it was prophesied today that managers will be appointed in many Texas cities this year. Amarillo, at a recent election, voted to employ a town manager at a large salary, in the belief that such an official and such a municipal government would save the city thousands of dollars—more than enough to save his salary and give Amarillo a far better government than it has heretofore enjoyed. A committee of Denton, Texas, citizens also has decided on a similar course, and plans are being mapped out to have the Denton charter so changed that the city commissioners will be put on nominal salaries and a town manager put at the head at a salary of \$3,000 or more.

Farmhouse Parlor to Go.

Manhattan, Kan., Jan. 19.—The farmhouse "front room" or parlor with its garnish, lithograph pictures, its weird furnishings, and its brilliantly flowered carpet is to be furnished up and made into a real "living room," if plans being worked out today by home decorators at the Agricultural College go through. On the contrary, that pleasant home surroundings means a great deal in the fight to keep the young people on the farm, the agricultural extension department has decided to establish a system of education in interior decoration. The department will offer suggestions, when requested as to what pictures to buy and where to get them reasonably; the kind of furnishings that will make the living room attractive at a minimum expense, and the substitution of appropriate rugs for the obnoxious flowered carpet. Suggestions as to wall paper also will be made.

Why dont you attend to that cold?

Don't let your cold "run on;" you know not what else it, may lead into if you neglect it. Besides, there's no use of having that knocked-out feeling when we are prepared to relieve you within an hour, and MAKE YOU WELL within a day or two. At all times, after you see your doctor for your prescriptions, see US for your medicines.

Nebraska Farmers Meet.

Lincoln, Neb., Jan. 19.—A huge stuffed steer, once a prize winner but long since disintegrated into steaks and short ribs, was the first thing that greeted the eyes of three thousand farmers who met at the state farm today for the first session of organized agriculture. Fully 5000 men, interested in the various phases of farm work are expected to attend the four day session which opened with a discussion of beef producing steers, with the stuffed monster on the rostrum a heroic example. Fifty-five different organizations

go to comprise organized agriculture association in Nebraska. These meet in buildings on the farm campus and in the city and are prepared to discuss anything from the proper coddling of queen bees to the use of monster traction engines. Chancellor Avery was one of the main speakers this morning and he was aided by Dean E. A. Burnett of the experimental farm and Dr. C. W. Pugsley, of the faculty. Many women were in attendance.

Several experts from the department of agriculture are expected to address various sections of the organizations.
