INDUSTRIAL CLUBS FORM

STATE SUPERINTENDENT OUTLINES PLANS.

Important Industrial Clubs Organized Among Younger Folks.

Salem, Ore., Jan 22.—To the Editor: This department with the aid of the Oregon Agricultural college has planned to organize in every district a boys and girls industrial club. We are now publishing a bulletin giving full details of the plan, and shall take pleasure in sending you a copy as soon as it is off the press.

Each club is expected to take up one or more of the projects named below, the choice of the project depending upon the work which is of greatest interest to the community in which the club is organized. The following are the industrial club projects suggested by this department for this year:

- 1.—Boys' corn growing contest.
- 2.—Boys' potato growing contest.
- 3.—Girls' canning contest.
- 4.—Girls' cooking and baking contest.
- 5.—Boys' and girls' poultry contest.
- 6.—Girls' sewing contest.
- 7.—Boys' pig feeding contest.
- 8.—Boys' and girls' gardening and gardening contest.
- 9.—Dairy herd and management.
- 10.—Manual arts contest.

The Agricultural college has promised to assist us further in preparing bulletins giving expert advice to the children as to how best to produce the different things named in these projects, such as bulletins on potato growing, etc. These will be distributed through the clubs, and will be of value to parents as well as the children. The work of organizing the clubs will fall largely upon the county school superintendents working through the teachers. The University of Oregon, the Oregon Agricultural college and the Oregon Normal school have promised to send out men in addition to the field workers from this office to help the superintendents in this work.

The state fair has appropriated to this department \$1000 to be distributed among the boys and girls as prizes at the state fair. The board has also promised us \$500 to be used to entertain two boys from each county for the whole week of the fair. The boys will be under the most careful supervision and will make a study of every department of the fair, including especially the poultry and stock judging. In addition to this we expect to send the ten children who stand highest to the Panama exposition at San Francisco.

Personally I feel that the great success which the children's industrial work has had in this state is due to a great extent to the encouragement which has been given to the movement by the press of Oregon. All of us will appreciate most sincerely your continued support in helping to organize this work and thus make the work of our public schools more practical and efficient. I shall send you from time to time copies of all bulletins as they are published.

For any editorial support you may see fit to give this movement, the state and the county superintendents will be truly thankful.

Yours very truly,
J. A. CHURCHILL,
Superintendent of Public Instruction.

Poisoned Blood Quickly Cleansed

In Any Form of Blood Trouble the Cure is Rapid.

An astonishing record of serious blood poisoning is daily brought to our attention. And most if not all these startling calamities could be averted were the blood primed, toned and purified in advance by that wonderful remedy known everywhere as S. S. S. Few people realize how quickly the system becomes infected with the acids and ferments from indigestion, constipation and inactive kidneys.

The symptoms are fever, thirst, excitability, dry skin followed by rash, and many indications wrongly diagnosed as Promaine poisoning. This condition is almost universal in all climates and is quickly overcome by the action of S. S. S. The medicinal properties of S. S. S. are relatively just as essential to well balanced health as are the nutritive properties of the meats, grains, fats and sugars of our daily food. And if you will bear this fact in mind and get your blood under the dominating influence of S. S. S. you will not only drive out those impurities that cause Rheumatism, Catarrh, Eczema, Pimples, Boils and thin anemic blood, but you will feel anew the thrill of health that can come only from a purified blood stream. Do not accept anything else in place of S. S. S.; pay no attention to the "Just as Good" claims of those who would sacrifice your health to make an extra profit. S. S. S. contains no minerals, no crude drugs, nothing but the most beneficial botanical materials. So be sure and get S. S. S. and avoid disappointment.
